Bellefonte Republican.

Established in 1869.} "Let Us See To it that A Government of the People, for the People and by the People, Shall Not perish from the Earth."—A. LINCOLN. Terms: $1.50 per Year

VOL. XXVI BELLEFONTE, PA., THURSDAY MORNING. MARCH 28, 1895. NO. 13

A BILL that will be tough on old bachelors if it becomes a law has been introduced by Representative Walleck in the Illinois legislature. It is nothing more nor less than a measure to tax bachelors and establish an old maid's home when the tax shall have reached $50,000. The bill defines bachelors as single men of 32 years or over who have never been married, and exempts them who have reached 65, who are physically unfit or who can prove to a board of unmarried women over 60 years that they have proposed marriage at least three times to marriageable females and been refused each time. Whether Mr. Walleck is a henpecked husband who was driven to do something desperate by a wife who narrowly escaped old maidhood, or whether he is a wag is not known, but it is strongly suspected that he is a gentleman of the latter stamp

THE new soldiers' orphans' industrial school at Scotland, Franklin county, will be ready for occupancy on June 1, when 250 boys and girls will be sent there to begin the work of training the mind and the hands at the same time. There are are at present 817 children in the soldiers' orphans' school, Chester Springs having 306, Hartford 193, Uniontown 316, and two at other institutions temporarily. The sending of 250 scholars to the Scotland school will relieve the congested condition of the other schools, and at the same time make room for other applicants who have long waited for an opportunity to secure an education under these most excellent schools as now conducted. It was a good thing for the state to take charge of the schools. Under the old system the Squeers syndicate robbed the state right and left and abused the scholars, and the poor children were helpless.

AMERICAN agriculture is in nothing like the condition the calamity howlers of two years ago insisted that it was, according to a late census bulletin. The ruinous state of the farmers, ground down by debt and extortionate interest, was a favorite picture in the eloquence of the howler, but the census bulletin takes the life out of the whole thing. Of about four and three-quarter millions of farm families less than 900,000 were carrying mortgages in 1890. The farm families owning their land free of mortgage were almost one-half of the whole number, and those renting farms just about one-third. The greater part of the mortgages represents money borrowed to buy lands and make improvements. It is very important to know that speculative purposes or extravagance, bad crops and hard times had little to do with the loans made. The American farmer is prosperous and he would be more progressive and much better off if he would clean out the theorists and schemers that take his attention and time.

THE death of ex-Adjutant Genera Greenland may not have been unexpected to his nearest friends, but it comes as a distinct shock to the general public, not alone because it was unexpected, but because of the fatality that seems to have attended the office of adjutant general during Governor Pattison's term. Mr. Greenland was appointed to succeed William McClelland, who died after serving a little more than a year.

Mr. Greenland was a born leader of men, whose most striking characteristic was his thorough manliness. He scorned subterfuge and false pretenses, and his hold upon the people of his section of the state was due to his upright sturdiness.

Among the men who have filled the office of adjutant general since its creation he was conspicuous as he was in all the public positions filled by him, and his death is a distinct loss to the ranks of the class available for capable and upright public service.

Eel Baskets in Streams.

Senator Hackenburg, of Northumberland, has come forward with a bill which he thinks will settle all disputes in relation to the placing of eel baskets in streams. It was introduced, and provides that it shall be lawful for any person, with the consent of the riparian owners, to construct fish dams and fish baskets in any of the rivers, creeks, streams, and waste weirs of the canals for the purpose of catching eels. These baskets shall be constructed so as to let the water flow under or over them, when not set for fishing, and shall not be set for fishing without one or more persons in attendance, and all fish running into the baskets that are less than nine inches in length shall be returned to the water alive. The basket shall only be used during the months of September and October of each year. And every person violating this act shall be subject to a fine of $25 for each offense.

Don't Change Your Clothing Yet.

Whenever we chance to get a fine bright, warm day, there is a strong temptation to throw off winter clothing and put on that which from its weight and warmth feels oppressive. It should be borne in constant mind that such changes are fraught with danger always, and that it is far better to endure a little discomfort than to incur such risk. For some peculiar reason there appears to be that in the atmosphere that is inimical to human life, and especially to those who at any time have been subjects of the grip It is well to bear in mind that the weather during the winter has been exceedingly treacherous, that it cannot safely be trusted and that consequently there should, in street parlance, be no monkeying with it. Don't change your clothing until the spring is well advanced, and there is positive assurance that the weather has assumed a settled condition.

Pennsylvania's Dairy Industry.

H. H. Hayward, assistant professor of agriculture of the Pennsylvania State College, has completed a tour of the State for the purpose of testing cream separators and inquiring into the condition of the dairy industry. In his forthcoming report to Director H. P. Armsby of the Experiment Station Prof. Hayward gives a summary of the results of tests upon fifteen different machines in actual creamery usage in various localities throughout the State, and in all cases the rate of efficiency was exceptionally low, and the daily loss from poor and imperfect skimming in a number of instances amounted to ten dollars per day. In all districts touched the dairy industry was at a low ebb.

In Bradford and Susquehanna counties there has, as yet, been little attention paid to winter-dairying, consequently the greater part of the milk is produced during the summer season when there is an over-production on the market and a corresponding decrease in the net profits. The low prices of all dairy products has tended largely to discourage the dairy farmer.

In the Southeastern counties of the State the condition of the industry is much better, as winter-dairying is both extensively and profitably conducted. In these suburban counties milk commands a good price the entire year round and the net profits to the dairy farmer accruing from advantage of location stimulate the trade. Where milk is sold to creameries, run on the co-operation plan, the farmer is paid for the milk on a butter-fat basis. This plan has been found to be eminently satisfactory both to the producer and purchaser. The discouraging outlook of the dairying interests of Pennsylvania is due in a large degree, to the fact that dairyman, as a rule, are indifferent to any advancement or improvement in dairy methods, and also to a lack of judgment in employing and retaining cheap unskilled labor.

Foster Gives Forecasts of the Storm Wave to Cross the Continent.

My last bulletin gave forecasts of the storm wave to cross the continent from the 24th to 28th, and the next will reach the Pacific coast about the 29th, cross the western mountain country about the 30th, great central valleys the 31st to April 2, and the eastern states about April 3.

This disturbance will occur during a cold period, and the week will average below the normal, the warm wave going above and the cool waves considerably below normal.

A few places will have fair rains from this disturbance, but generally the rainfall will be deficient, and signs of an approaching drought will be apparent. The warm wave will cross the western mountain country about the 29th, great central valleys the 31st, and eastern states April 2. Cool waves will cross the western mountain country about April 1, great central valleys April 3 and the eastern states about the 4th.

My next bulletin will contain a long range forecast of temperature and rainfall for April, covering various sections of the United States. Under my new and imperfect calculations I began these long-range forecasts of temperature and rainfall for December, 1894, and although some errors have occurred, the percentage of forecasts gained as compared with those lost is very encouraging.

The greatest difficulties I have to contend with at this time are on account of the very poor records in the arid districts east of the Rocky mountains and the west gulf states.

Another great fault with the weather records is that they are all reduced to calendar month averages. Nature formed the weather periods and man formed the calendar months and the two will not work together. Congress should make an appropriation sufficient to publish the daily records of temperature and rain, tabulated, especially for places where records have been kept for more than forty years,

—A fresh shipment of nice Macerel just received, at Eureka Grocery store will be closed out at 10cts. each or 3 for 25cts. tf

SOCIAL LIFE IN WASHINGTON.

The Element of Scandal is Not So Conspicuous After All.

The notion that prevails to some extent that society in Washington is composed of rather dubious elements is not so surprising when it is considered how fully the glare of the search-light of public notoriety is turned upon social movements at the Nation's capital. As far as official society, at least, is concerned, those prominent as leaders are the members of the families of public men. The American public has fallen into the habit of being interested in whatever concerns our public men, and the female members of the families of these officials come in for a share of this interest. Everything connected with the daily life of such people, what they wear and what they eat and where they go, is chronicled at length in the daily press and is read from one end of the country to the other. If this gossip can be seasoned with the spice of a little scandal the opportunity is not neglected, and the spice is used with an unsparing hand.

Recently there have appeared veiled allusions in the newspapers relative to a probable divorce suit as the end of a marriage in high life, which took place in this city not very long ago. The details are given with a certain vagueness which is probably owing to the immature condition of the scandal which is alleged to be about to burst upon the astonished gaze of the world. When all the facts are known, if the affair ever reaches the point of a divorce, it will be found to be only the ordinary experience of the average girl who has married either with too great confidence in her powers to reform a dissipated man, or with a mistaken trust that the man of her choice is better than he really is. It may be that the decided stand which the wife in this case has taken may lead to the desired reformation in the husband, and that legal methods will not be necessary.

There is another instance here of the matrimonial mishaps in the family of a prominent official, which is being talked about a great deal. There is no reason to suppose that there is any connection between high office and the domestic unhappiness of the daughters of the family of the person who is honored with such a mark of public esteem and confidence, but it is a fact that the prominence of the father lends additional interest to the private affairs of the members of the family.

In striking contrast with the publicity given to the unhappiness or misfortunes of the female relatives of high officials, is the profound silence which the newspapers maintain relative to the delinquencies and the weaknesses of the officials themselves. There are well known instances of men holding exalted positions who indulge in dissipations of various kinds. Their weakness in these particulars are known outside of the circle of their personal acquaintances, yet unless there is some flagrant act committed, the mantle of silence is thrown over their shortcomings, and they escape the unpleasant notoriety which newspaper publication gives. The other evening a well known member of the upper House was seen in a street car in such a condition of intoxication that he could not maintain an upright position, but sat with his feet sprawling out across the aisle, attracting the attention of everyone who entered the car to his maudlin condition. The correspondent of one of the leading newspapers in the country happened to be in the car, and when an acquaintance referred to the spectacle, he said in a casual way, "Oh, that is his usual condition." It did not, however, suggest to him a topic for a newspaper paragraph. While it should not be inferred that all of our statesmen are in the habit of coming home in such a condition, the case serves to illustrate the difference in the treatment of the fallings of public men and of those of the female members of their families.

A close observer of social life of this city is apt to remark upon the individual freedom which custom sanctions, and which may be regarded as one of the prevailing features of social intercourse at the Capital. This may be called cosmopolitan or any other term which indicates a blending of diverse elements and an ease of intercourse which is free from the shackles of the social distinctions of the ordinary city. In spite of the strong temperance sentiment, wine continues to be dispensed as a part of the refreshments offered at nearly all social functions. It may be added that its use and not its abuse may be one of the reasons for its place in the social world. In view of the freedom of social life, the almost universal serving of liquor, and the extremely youthful age at which girls now appear in society, it is surprising that the scandals in society life are not more numerous and flagrant. But liberty is not license, and because a young girl in Washington society enjoys an almost unrestricted freedom, it does not follow that she has not that strong sense of propriety and the sense of self-respect which enables her to pass through temptations unharmed.

There's a Good Time Coming.

While there is a certain amount of comment in this community on the general dullness of trade, it is accounted for in large part by the fact that people are saving their funds and refraining from purchasing in order to meet their April first obligations, such as interest and the ordinary bills of the household. Then, too, the farmer has not disposed of his tobacco, fat cattle and to a certain extent his cereals. After April first, when old scores have been settled and the feverish excitement incident thereto has passed, then our spring trade will open with much of its ancient vigor and old-time profit. The tone of the press from all parts of the country, irrespective of class or politics, is growing more hopeful and confident. A leading Boston journal speaks of the situation as follows: "The improvement, which up to this time has come mostly along certain lines, has now broadened, and all departments of business are feeling its beneficial effects. There is a tonic in the financial and business atmosphere that is giving new life and new hope to everybody. There is more faith in the future, more encouragement to make and buy goods, more disposition to enter upon new venture and more energy and effort to help along the returning prosperity. And all this has come about primarily as a result of the strengthened Government. The recent surprising demand for our securities, emphasizing as it did that the financial condition of the United States was sound, served to arouse our people to the fact that they were really masters of the situation and that they had only to work together to bring about completely a full restoration of prosperity."

Nobody need expect a boom or desire it, but a slow and sure commercial progress has begun and will continue. There is no scarcity of money, and we venture the prediction that this spring will find fewer assignments than usual. It is time to stop grumbling and take the handles of the plow with confidence and not look back.

Light in the South.

The Savannah "News" (Dem.) says that there are indications that the Republican and not the silver party is about to gain a strong foothold in the South. It then cites the fact that in South Carolina young men are seriously talking of organizing Republican clubs and that a daily Republican paper is to be issued in New Orleans on May 1. It might have added also that in its own State, at Atlanta, former prominent Democrats are organizing a Republican club with a large membership. The growing industrial interests of the South and the woeful inefficiency shown by the Democratic Congress and administration in legislating for the advantage of either private or public credit have at length convinced many life-long Democrats of that section that Republican success will be a benefit. The repeal of the Federal election laws removed the very last excuse which they had for longer standing in their own light, and the indications now are brighter than ever before that the time when a Solid South was not only a menace to the industries of the North, but to its own best interests, is rapidly passing away. The Savannah paper admits this when it says:

The Democratic party will of course, remain the great party of the South. But it is within the bounds of probability that before the end of the century the Republican party will have become a highly respectable and influential party in the South.

In Other Counties.

An injunction has been asked for to restrain Meadville from increasing its indebtedness to buy water works.

The Sunbury mill will be started the 1st of May and employment will be given to sixty-five or eighty-five men and boys. The monthly pay roll will be from $2,500 to $3,500.

A prisoner named Michael Sadd made his escape from the Huntingdon reformatory Saturday last, but was recaptured the same day.

The very successful series of revival meetings in the First Methodist Episcopal church at Huntingdon closed with a jubilee meeting last evening.

Mrs. Josiah Harmon, aged 68 years, and Mrs. Catharine Norton, aged 75 years, two well known citizens of Newton Hamilton, died last week.

W. A. B. Little, a prominent merchant of Loretto, Cambria county, has made an assignment for the benefit of his creditors. He was engaged in merchandising. The extent of his liabilities is not known.

Rev. R. A. Fink, D. D., died at his home in Johnstown yesterday morning at the age of 81 years. For twenty-four years he was pastor of the Franklin Street Evangelical church in that city, and until his health began to fail him ten years ago he was an active church worker.

WASHINGTON LETTER.

Washington, March, 25 1895.

From Our Regular Correspondent.)

Secretary Carlisle has just spent several days in New York, ostensibly upon business connected with the customs service, but there are reasons—good ones, too—for the belief that his visit had a much more important object. Ever since before the adjournment of Congress there has been talk in Washington about an alleged secret agreement between Mr. Cleveland, some of the leaders of his party, and a few of the money kings, having for its object the renomination of Mr. Cleveland on a straightout gold platform. It was because of this talk that the Bland-Bryan silver manifesto was issued a few days before Congress adjourned. That manifesto was intended to make the scheme to nominate Mr. Cleveland on a gold platform impossible. but it had a directly contrary effect. It got so few signatures that it greatly encouraged the managers of the Cleveland scheme to beleive that they would have little trouble in controlling the democratic nomination convention. Another thing that has encouraged them is the flat failure of the American Bi-Metallic, or, as it is more commonly known, the Sibley Silver party, which has received few words of encouragement from any source—that resolution of the Nevada legislature counts for very little when it is remembered that Senators Jones and Stewart are the principal sponsors for what they fondly hoped at one time would be a new national party. It is believed that Secretary Carlisle's principal reason for going to New York was to confer with the money kings and their representatives, who are relied upon to furnish the large amount of cash that will be necessary to carry the Cleveland renomination scheme through, in order to further perfect the details. Republicans hope the scheme will succeed; they will enjoy defeating Mr. Cleveland more than they would defeating anybody else, and they know that there isn't money enough on earth to re-elect him.

Things are not at all satisfactory at the headquarters of the Sibley Silver party. Letters are being received from some of those who were without their knowledge made members of the executive committee of the S, S. party, and they were not what was expected. For instance, the following from ex-Gov. Prince, of New Mexico, who was made a member of the executive committee: "While appreciateing very highly this recognition of my strong faith in the principal of bi-metallism and the efforts I have made in its behalf, yet I am compelled to decline the position, as I do not approve of separate political action at this time. I believe that the duty of the hour is to educate the people of the east on the financial question; and as soon as the people are well informed party organizations will be obliged to correct views and act accordingly. I have full faith that the republican party, which has always been the friend of the oppressed; the champion of equal rights, the protector of American labor and the exponent of stalwart Americanism generally, will still be found true to its best traditions; and those who destroyed human slavery will not permit financial slavery to exist; and that those that saved the nation itslf in 1861 will not permit the destruction of national prosperity by financial selfishness and oppression in 1896.

The administration is having a regular monkey and parrot time with the foreign complication already on hand, and there are indications of a bran-new one with France, if the stories that leak out about the meetings of the Cabinet can be relied upon, and they probably can. Gresham seems to be in bad odor with nearly all of his colleagues in the Cabinet, and to be in danger of losing the ascendency he has heretofore been able to maintain over Mr. Cleveland in all matters pertaining to the foreign policy of the government. The other members of the Cabinet—none of whom were consulted—have not failed to make the most of Gresham's indecent haste in making that peremptory demand upon Spain for an apology, and the result is seen in the stand that Mr. Cleveland has taken. Although Spain has neither made that apology nor even intimated that it would do so, Mr. Cleveland has decided that he will grant further time before making another demand, notwithstanding the efforts of Mr. Gresham to get him to agree to make a demand that would in plain English mean immediate apology or the forcible seizure of Cuba by the United States. He has gone even further, by issuing orders changing the previously arranged route of admiral Meade's fleet so as to keep its vessels out of Cuban waters for the present, lest the presence of the ships might be construed by Spain into intimidation.

The demand for the recall of Mr. Thurston, the Hawaiian minister, meets with general condemnation, as the bit of personal spite that it was.

Trade, Price and Gold.

Business gains in volume, but neither prices nor profits increase and the advance of two weeks ago in wheat and in pork has been lost, while cotton tends downward; wool and cotton consumption decreases, and the metals from iron down show no advance.

This summary of trade conditions does not alter the two salient facts in the present situation, which are: first, that business steadily improves, but, second, that this improvement is at a rate so slow that it will take months before anything like prosperity is reached. January railroad earnings show an advance in both gross, and net, and for the first time in nineteen months, with the exception of last August, the advance is very small, 1.87 per cent. in gross, and 9.04 per cent. in net; but it is a distinct indication of the turn of the tide. At the same time the figures for February and half of March indicate that it will be next October or November before any serious advance comes. The conviction that the tide has turned, however, was apparent last week in the stock market where the volume of shares rose 40 per cent., and the level of price for sixty active stocks rose $1.32 a share. This advance is in part due to manipulation, but it has as its basis a widespread conviction that the worst is over.

With this impression, however, there has come a distinct decrease in the volume of manufactures. Such prospect as there is of advance in iron, which has not yet taken place, rests upon the reduction in output and the advance in the price of coke. The iron output now is a round 25,000 tons a week less than it was December 1, or at the rate of 1,300,000 tons a year. The reduction in three months has reached 14 per cent. and is still in progress. Cotton receipts for three weeks in March are 105,338 bales, against 107,080 in March, 1893. In the earlier part of the crop year these receipts were considerably larger than in the crop year 1891-2. Wool sales are now 70 per cent. of last year. They, too, were decidedly larger two months ago. On the other hand, the returns of the "Boot and Shoe Reporter" show that weekly shipments have recovered, and are as much in advance of last year as earlier.

Delays Are Dangerous.

Tardy bridegrooms should take warning from an event, recorded by the Pittsburg Times, which occurred at Sharpstown, Md., last week. A young man who lived just across the river was to wed a blooming young widow of that place, but he came not when the wedding feast was spread and the guests assembled. Everything naturally, therefore, instead of going as merry as a marriage bell partook more largely of the funeral knell character. The guests, after some of them had evidently tried to drown their sorrow with a portion of the bill of fare, dispersed, and the affair appeared to be off.

Meanwhile the would-be-benedict, who for some reason or other had been detained, whether it was because of the length of the negotiations necessary to get his best coat out of pawn, or because his collar button had rolled under an immovable bureau, or owing to the lateness of the hour he had ended his last night out with the boys he had over-slept himself, does not appear, had at length succeeded in taking boat and rowing across the river. As he approached his weeping was-to-be bride's house, however, he was espied by some of the disappointed wedding guests, who straightway proceeded to assail him not only with opprobrious epithets, but also with last year's eggs and vegetables, with the effect of making him beat a retreat to his boat and place the river between himself and his persecutors.

The next day, however, he returned to the seat of war, accompanied like knightly lovers of old by six retainers all armed to the teeth, and marching in triumph to the house of his inamorata, made his due explanations and took the sweet and now smiling widow to his heart and home. The moral of all of which is that the bridegroom who tarrieth when his bride awaits is likely to lay up for himself much unexpected tribulation, also that high noon weddings and preceding all nights out with the boys had better be divorced, and a third one is that youths who want to marry Maryland girls or widows had better either get there on time or go loaded not only with affection but also with an arsenal, so as to be prepared to return the over-warm greetings of the bride's too exuberant friends in kind

REV. ELLIOTT'S FUNERAL.

And a Brief Sketch of His Busy Life.

"Ashes to ashes, and dust to dust." "God giveth and God hath taken away," and in the performance of the last sad rites over the remains of Rev. George Elliott, on Wednesday afternoon, the world and its people have only given back to the God from whence it came the spirit of a man whose life work was consecrated to the work of the Divine Master; whose aim in life—first, last and all the time—was the glorification of God's kingdom upon earth and to teach men to have charity for and love each other as a brother.

The services were held in the Presbyterian church and were largely attended. Rev. Haney, of State College, read an appropriate passage of scripture after which music suitable to the occasson was rendered and prayer offered. Rev. Dr. Laurie preached a very affecting sermon, and touching tributes were paid by Rev. J. H. Mathers, of Bellwood; Rev. J. C. Kelley, of Williamsburg; Rev. Parker, of Reedsville; and Rev. W. O. Wright, of Milesburg. Following the services at the church the funeral cortege proceeded to the Union cemetery where interment was made and the final farewell of all that was mortal of Rev. Elliott was taken. The pall bearers were as follows:

Elder William B. Thomas, of Milesburg; Elders David Reed, D. B. Louder, John B. Mitchell, of Pine Grove Mills; Elders J. Thompson, Budd Thompson, and Mr. Alexander Chaney, of Port Matilda; Riley Pratt and A. J. Griest, of Unionville; Elders John Seibert and Joseph Marshall, of Buffalo Run, and Elder John A Hunter, of Stormstown.

A BRIEF SKETCH.

Rev. George Elliott born at Wellsville, Ohio, Nov. 15, 1825. Graduated at Duquesne College in 1846. Attended Allegheny Theological Seminary one year and finished at Princeton in 1849. In June of the same year he was ordained by the Presbytery of Huntingdon, and installed as Pastor at Alexandria, Pa., where he remained in charge until 1858. His next charge was at Reedsville, Pa., from 1858 to 1868. From 1868 to 1873 he was at Freeport, Ill., as pastor of the Second Presbyterian church at that place. His next pastorate was that of McEwensville, Warrior Run, and Watsontown 1873 to 1880. From 1880 to '83 at McConnellsburg, Pa. From 1883 to '87 at Orbisonia and Newton Hamilton. Since then he has had charge of Pine Grove, Bald Eagle and Buffalo Run. He was largely instrumental in the building of the beautiful church at Watsontown, Pa., having collected a large part of the funds for the same from his friends in all parts of the country.

He is survived by his wife and four sons namely. George W., of Chicago; W. W., of Dennison, Texas; James W., of Bangor, Pa., and John H., of Dennison, Texas. He will be mourned and missed not only by his family, but by all who knew him.

A Second "Romeo and Juliet."

On Wednesday evening one of Bellefonte's very pretty young ladies and a handsome young dude were strolling along Spring street talking very lovingly. All at once they came to a sudden standstill under a certain window, never dreaming that a pair of bright eyes were gazing down on them. He became very loving; he caught her face between his white hands and said:

"Oh, you are so sweet, I can't help but kiss you!"

Of course, the pretty miss was somewhat indignant at this, and pouted a while, but soon made up again. Then she threw up her curly, yellow head and said:

"'Romeo,' I wonder if it is true that one is likely to catch something from kissing."

"Of course not, 'Juliet;' You've been kissed enough, and you haven't caught anything yet, have you?"

This answer was too much for the maiden. She threw back her head and laughed heartily; when, lo and behold! she saw the pair of eyes gazing upon them. The pretty miss caught the dude by the arm and, amid a long string of "Oh's," they rapidly moved on.

INCOG.

Plans for a Parsonage.

For some time past the consistory of St. Luke's Reformed church have been considering the project of either purchasing a site for a parsonage, or else erecting a building on the lot rear of the church and facing on Bellefonte avenue. Yesterday Architect Cole submitted drawings to the church board, which are very satisfactory. According to these drawings a two and a half story building can be erected. On the first floor a parlor, sitting room, dining room, kitchen, two halls, bay window and porches on either side of the building are provided for. The second story will be divided into four bedrooms and a bath room. Entrance can be made irom the dwelling into the church. It is altogether likely that if the congregation decides to build a parsonage that these plans will be adopted. Action on the proposed movement will probably be taken in the near future.—Wednesday's Lock Haven *Democrat*.

Attempt to Kill.

On Tuesday evening Mr. Harry Thomas, who lives with his wife at Centre Hall, was arrested on a charge of aggravated assault and attempt to kill, by his wife. He was brought to Bellefonte by the officer and given a hearing before Justice Keichline who committed him for court. He is accused of brutal treatment of his wife during the past six months, and quite recently attempted to kill her with a razor.

Harry Thomas is a young man and formerly a resident of Ferguson township.

IVORY SOAP

IVORY

IT FLOATS

FORTY MILLION CAKES YEARLY

THE PROCTER & GAMBLE CO., CIN'TI.

A Close Call.

On Wednesday Geo. Derner, a farm hand employed by Harrison Kline, went to Gettig's saw mill at Pleasant Gap with a team for a load of saw dust. It was necessary for Mr. Derner to get under the floor of the mill and shovel the saw dust out to the wagon. The mill was in operation at the time.

While busily engaged at shoveling he got close to the rapidly revolving saw. In stooping forward he suddenly felt his hat fly off his head and disappear from view, while the hair on the top of his head was disturbed. He was badly frightened by his close contact with the saw, which had it been an inch closer would have ripped his skull open. The men on the floor of the mill were equally frightened by seeing the hat brought up and cut in two. The machinery was immediately stopped and when they reached the bottom of the mill they were surprised to find Mr. Derner all right, but almost frightened to death.

Business Slowly Picking Up.

Philadelphia, March 21.—In this week's edition the Bulletin, published by the American Iron and Steel association, says editorially:

Despite some unfavorable symptoms there are many signs that a sure, although slow, lifting up of industrial conditions in this country is taking place. A buying movement is distinctly noticable. The coal and iron trades present hopeful signs.

The advantage in the wages of the coke workers means that the present low prices of coke are soon to yield to higher prices, and higher prices for coke mean a hardening of pig iron prices, and firmness in pig iron prices means better prices for finished iron and steel products. The large consumption of these finished products is now a subject of general remark. Consumers of iron and steel realize that the bottom of prices has at last been reached. Altogether it may be truthfully said that the business situation has surely improved in March, and that the outlook for April and May promises still better results.

Not the Town's Fault.

Every day, almost, one can hear complaints about the unbusiness like methods of the Bellefonte Board of Trade, as well as our moneyed men for not doing something toward bringing industries to Bellefonte. And, if these same people would take the trouble to investigate every offer that has yet been made by any firm to locate here, they would find that in almost every case it was simply a scheme to get a lot of the good money of Bellefonte without the least kind of a guarantee of any return. This is not what we want. We want business enterprise, but we want people who engage in the same to put in some of their own cash and not ask the town to set them up in business. We have plenty of that kind right here.

Found Dead in Bed.

George Simmons, a resident of Cold Stream, was found dead in bed Wednesday morning. We understand it was his custom to get up in the morning and make the fires and as he failed to do so that morning his wife called him, and receiving no answer went to the bed and found her husband cold in death. He had worked at Pardee, as usual, and did not complain of anything when he retired, and death coming so suddenly it was no doubt of heart disease, as he had been suffering with that complaint for some time past. He was aged about 54 years as near as we can learn, and leaves a family to mourn their loss.

Almost a Fire.

On Wednesday while the family of Mrs. J. W. Rhone in the McAallister building were "cleaning up" about the house they carried several baskets of old paper out into the yard to burn. The empty baskets were placed in the sitting room Soon after Dr. Charles Rhone who is assisting his mother in packing her goods preparatory to moving to Boalsburg, smelled smoke, and running down stairs discovered the baskets burned up, the floor and partition almost burned through and the side and back of the piano charred so as to render it almost valueless.

A Peculiar World.

This is a peculiar world with peculiar people. One is struggling for justice, another is fleeing from it. One man is saving money to build a house, and another is trying to sell his for less than it cost to build it. One man is spending all he can make taking his girl to the theatre and sending her flowers, with the hope of making her his wife, while his neighbor is spending what gold he has in getting a divorce. One man escapes all diseases that man is heir to and gets killed on the reilroad. Another escapes with a scratch and dies with the whooping cough. One man stands off all his creditors and goes traveling while another pays his debts and stays at home.

Both are Whitewashers.

A certain preacher said that no newspaper that told the truth, and the whole truth could make a success. We say by way of returning the compliment, that the minister who will at all times and under all circumstances tell the whole truth about his flock, alive or dead, will not occupy the pulpit more than one Sunday, and then he will find it necessary to get out of town in a hurry. The press and pulpit go hand in hand with whitewashbrush and pleasant words magnify little virtues into big ones.—Exchange.

NEW DISCOVERY.

Among the many discoveries of the present age, none rank higher than the new metal silvereen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware.

Silvereen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted.

We want every one to have a chance to compare silvereen with silver, so for the next sixty days we are going to give away one half dozen Crown Silver Tea Spoons *Free*, to every person who will send for one of our Terry's Silvereen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Silvereen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons.

Price of Silvereen set, $2.00. f7-2y.

TOLEDO SILVER CO, TOLEDO, O.

Annual Clerical Orders.

Notice has been received that the Pennsylvania company has decided to continue the issue of annual clerical orders, and all clergymen who hold orders of this company's issue which are valid for use until March 31st, will be furnished with orders good for the remainder of the year, at an early date. It will not be necessary for them to make further application.

Presbyterians, Take Notice.

Wednesday evening the Presbyterians, of Bellefonte, had a live congregational meeting Gilbert Beaver was chosen chairman, and J. C. Weaver, secretary. The speakers of the evening were General Beaver, Isaac Mitchell, John C. Miller, Dr. Robert Hayes, Charles F. Cook and H. Sechler. After a heated debate a motion was made to the effect that the pews in the church be free so that anybody can go and take a seat anywhere. This is considered a stepping stone that will aid the trustees to get out of the deep hole that they are now in. A vote will be taken on the question at an adjourned congregational meeting to be held next Wednesday night at 8 o'clock. This meeting, no doubt, will be largely attended.

—The addition of that new partition in Garman's opera house is conceded by all to be one of the greatest of improvements to that popular play house.

IS IT THE END?

A Time of Great Mortality.

Especially Noticeable in Children.—Will Man Cease to Exist?—Can the "Omega" be Averted?

Why is it, with our improved sanitary appliances, our care to obtain fresh air, pure food, and plenty of exercise, the observance, in fact, of every hygienic law, that in spite of every care each succeeding generation seems to become weaker and shorter lived? Is it that we are now suffering for indiscretions of our ancestors, or is that terrible, unknown end of man at hand?

Whatever the cause, the existing condition of things is too apparent. Especially is this noticeable with the babies. Instead of the mother's life-giving milk, they are compelled to begin a struggle for existence with the bottle. The result in many cases is disastrous. The little one, failing to obtain necessary nourishment, grows weaker daily, until death ends the struggle. The end in these cases is

Simply Starvation.

With this termination so often the case, the best physicians of the day have resorted to the use of Bovinine, that great and original raw food product, as a means to save the babies.

In this connection Dr. A. B. Robinson, 61 Dudley St., Boston, after commending Bovinine most highly for various complications where the waste of disease must be checked, and new blood, flesh, and strength created to effect a cure, says concerning this life-creating preparation, "With feeble, bottle-fed babies, a small amount added to the milk has in my practice saved many children."

Bovinine is not a medicine, but a life-maintaining, flesh, bone, and blood-making preparation that contains the greatest amount of nourishment in the least possible bulk.

Give it to the little ones while there is still hope. Your physician, if you ask him, will recommend it, and you will bless the results obtained forever.

IS DOING A GOOD WORK.

And the Bellefonte Y. M. C. A. Should be Encouraged.

Frequently we hear criticisms spoken against the Association and usually by persons who have "an axe to grind"—that is, they don't want to contribute, or they have forgotten that they were young once themselves, or they don't realize that the methods that prevailed when they were boys twenty or thirty years ago, are not the methods of to-day. Some men won't be convinced; they don't want to be convinced. They hold on to their ancient and antique notions like a Rip Van Winkle. Some day they will wake up and find after all that the world has moved. They are losing power and influence by their own actions, and the trouble is they can't see it. "By their fruit ye shall know them," and there we stand. Test the Association as you may.

***

Speaking of physical exercises Martin Luther said: "The greatest advantage is that with such bodily exercises one does not fall into carousing, debauchery, gambling, hard drinking, and other kinds of lawlessness, as are unfortunately seen now in the towns and at the courts."

***

Did you say, "What do we need?" Well, just now, we need money. We need $500 to carry the work safely through to October 1st. How much did you say you will give? Money speaks just now with an eloquence that is almost overpowering. Won't you please overpower us? Give, and it shall be given you again.

***

There is one text in the Bible that ought to be a great comfort to many people: "The Lord preserveth the simple."

***

John Wanamaker says: "I count that any city that takes care of its young men does the greatest thing—greater than the building of a mill; greater than building lines of steamships; greater than building a railroad. The young men of any city are its very best assets." It would be a good thing for Bellefonte, if there were more people in it of the same opinion as Mr. Wanamaker.

***

Mr. Fred B. Shiff, of Kansas City, is now one of the new State Secretaries. He is said to be a royal man of large experience in the work, and a consecrated Christian. It will do our young men good to come in touch with him.

***

Fellows! Don't stay away from the meeting Sunday afternoons. You cannot begin to count the good you will get by attending regularly. Come early, help in the singing, and be ready to respond as the opportunity is given. This is your meeting and you need it.

A Sudden Death.

John S. Houtz, for twenty-five years a leading merchant of Lewistown, died suddenly from heart failure on Monday, aged fifty-five years. He was a native of Centre county and leaves a widow. Mr. Houtz was a native of Miles township, and was raised on a farm near Madisonburg; he was from a well-known family in that section, he has been a citizen of Lewistown for twenty-five years. He was a gentleman of excellent habits and principles. He was long associated with James M. Goodhart in the mercantile business in Lewistown.

Mr. Houtz was born near Spring Mills, Centre county, in 1839, and in the spring of 1861 came to Lewistown to begin his business career with the firm of George Blymyer & Sons. On the same day he entered the store Capt. Stover's company arrived in town en route from Penn's valley, Centre county, to the seat of war, and Mr. Houtz enlisted. Returning from the war he was again offered and accepted the position with the Blymyer firm.

His business steps led him upward from the first. In March, 1870, J. Ritz Burns, J. M. Goodhart, and J. S. Houtz formed a copartnership and opened an extensive retail dry goods house known since as the "Iron Front Store."

That County Fair.

The movement for a county fair seems to have gone to sleep, or may be having a dangerous attack of the grip. If it has died of heart trouble, the pulsations being too weak to keep up the circulation, we know the grangers will not be at the funeral as mourners.

Let the assets go over to the Centre Hall picnic-fair and give it an added boom and if the county can't have two fairs, let's make this one a tarnation big one anyhow. The people of the county seem to want a re-union once a year and they want it on a big scale, for we are a great people and have a big county and near this town is the biggest kind of space for any big thing, and a big start assured.—*Reporter*.

Married At Milesburg.

The Baptist parsonage at Milesburg, was the scene of a very happy marriage, on Wednesday, when Rev. J. B. Soule, united Mr. Orrie Stover, of Eagleville, and Miss Alice M. Heaton, of Boggs township in the holy bonds of matrimony. The groom is a very excellent young gentleman and his bride is a daughter of Mr. Henry Heaton a well known resident of that end of the county.

K. L. C. E. Convention.

On Saturday, March 30, the third quarterly convention of the Keystone League of Christian Endeavor society, will be held in the United Evangelical church at Lemont. An excellent program has been arranged for the occasion. A large enthusiastic gathering of Christian Endeavorers is expected to be present, and all are at liberty to take part in the exercises of the day. The social and hospitable people at Lemont will gladly welcome all who come. All Christian Endeavorers are invited to be present.

"WHERE DIRT GATHERS, WASTE RULES."

GREAT SAVING RESULTS FROM THE USE OF

SAPOLIO

After Diverted Riches.

The filing of a claim on the part of the United States Government for $15,237,000 against the estate of the late Leland Stanford is an assertion that money and revenues cannot be diverted from properties mortgaged to the United States without at least an attempt to follow it into the hands were it has lodged. The claim is for one-fourth the sum due the Government from the Central Pacific Railroad, and it foreshadows like claims against Huntington and the Hopkins and Crocker estate.

The principal ought to be enforced in the interest of the people and of public honesty. It means that the Government cannot be defrauded with entire impunity, it implies even the larger principle that when common investors have been wronged by the plucking of a corporate property they can follow the proceeds of the plunder into the hands of those who have got it. It is certainly to be hoped this principle will be pressed and effectively enforced.

Nevertheless, among the other doubts which impress themselves in connection with this suit is whether it is meant in earnest by the Department of Justice. If so, would it have been undertaken had Leland Stanford remained alive and continued to hold his seat in the United States Senate?

David H. Canan Dead.

At his home on Bald Eagle avenue at twenty minutes before 11 o'clock this forenoon, David H. Canan, died from a complete breaking down of the system caused by stomach and bowel trouble, after an illness of about a year, his condition being so serious the past month that only his closest friends were permitted to see him.

David Hensy Canan was born at Stormstown October 18, 1845, and was therefore 49 years, 5 months and 4 days old when he died. He learned the trade of a painter, chair maker and turner in early life, and worked at his trade at Port Matilda from about the year 1860 till 1889, when he removed to Tyrone, except during the time he served as a soldier of the late war. During his residence in Tyrone he was employed at F. D. Beyer & Co.'s planing mill as turner. He was a superior mechanic and faithful to every trust. On the 7th of September, 1864, he enlisted in Company H, 184th Penna. Volunteers, and was discharged on the 2nd day of June, 1865. He became a member of Post 172, G. A. R., June 22, 1889, and was always an active and enthusiastic member of the organization. He was a past commander and served in several of the minor offices of the post. He was also a member of Washington camp No. 327, Patriotic Sons of America at this place.—Friday's Tyrone *Herald*.

Married at Mill Hall.

March 21st by Rev. J. C. Wilhelm, J. W. Waite, of Rebersburg, to Miss Gertie J. Hosterman, of Coburn, Centre county.

—There seems to be an unusual number of colds prevailing at the present time.

—Mr. J. J. Musser, of near Bellefonte, has just completed a large new barn which was begun last fall but work on which was greatly hindered by the severe winter weather.

Blair County Audit.

In concluding their investigation of the Commissioners' office the Blair county auditors have decided to return the matter to court for prosecution. Irregularities amounting to between $3,000 and $4,000 are charged against the County Commissioners, and the attorney for the auditors accuses two members of the board and the clerk with incompetency or worse. The evidence made public certainly warrants the decision to return the case to court for complete investigation.

This is a case where auditors have really audited. Too frequently they only skim over the surface of accounts given them to inspect, indorse them as all right, draw their pay and rest in peace. Auditors who are inquisitive are often unpopular, and if they find nothing wrong are laughed at, too. Controllers find the same conditions where there are such officers instead of auditors. Because of such conditions they sometimes let accounts pass without insisting upon the thorough information they should have. It may be hoped this Blair county episode may have a good effect in stimulating auditors to do their full duty and in repressing the tendency to wrong on the part of officials who have an inclination that way.

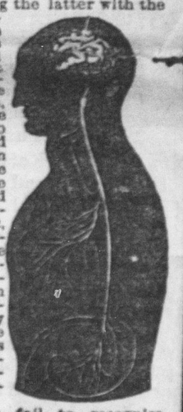
—These are the days when school children think they know better than the law makers how long the school term should be; and their idea is about two months' at the latter end.

—'Tis the first month of Spring; bluebirds now are on the wing and merry robins sing. The girl and her beau on the front gate swing. Her father thinks it is not quite the thing; so out he flies with a highland fling his antics matters to a focus bring. The young man goes and buys a ring, and the wedding bells go ding dong, ding dong ding.

The Human Electrical Forces!

How They Control the Organs of the Body.

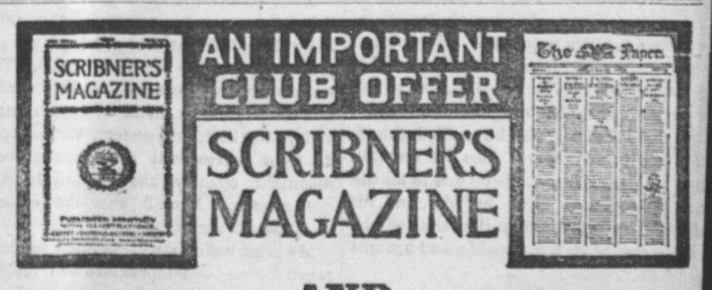
The electrical force of the human body, as the nerve fluid may be termed, is an especially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to insure their health. The pneumogastric nerve, as shown here, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen by the cut the long nerve descending from the base of the brain and terminating in the bowels is the pneumogastric, while the numerous little branches supply the heart, lungs and stomach with necessary vitality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organs receiving the diminished supply are consequently weakened.



Physicians generally fail to recognize the importance of this fact, but treat the organ itself instead of the cause of the trouble. The noted specialist, Franklin Miles, M. D., LL. B., has given the greater part of his life to the study of this subject, and the principal discoveries concerning it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is prepared on the principle that all nervous and many other difficulties originate from disorders of the nerve centers. Its wonderful success in curing these disorders is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs. It is sold on a positive guarantee by all druggists, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid.



-AND-

The Bellefonte Republican

For $3.75.

If purchased separately these periodicals would cost $4.50.

IT IS THE PLAN OF SCRIBNER'S to give its readers next year a history of the past 25 years in the United States, (1894-95.) These years have been unparralleled in the history of the world for national development and material progress. The narrative will be written in a graphic and picturesque style by President Andrews, of Brown University, and capable artists will illustrate it.

ROBERT GRANT whose "Reflections of a Married Man" will long be remembered, has written a series of articles on "The Art of Living," in which he sets himself to solve, as far as such problems can be solved, questions which beset every well-to-do family: The Income—The dwelling—Household Expenses—Education of Children—Married and Single Life—The Summer Problem, etc., etc. Beautifully illustrated.

GEORGE MEREDITH, whom more than one good authority has pronounced the greatest of living novelists, has written a strong serial, "The Amazing Marriage" to begin in January.

D. HOWELLS, will contribute a novel entitled "The Story of a Play."

IN THE LAND OF DONQUIXOTE will be a series of three sketches illustrated by Daniel Vierge's wonderful drawings.

SINGLE ARTICLES in great variety have been arranged for and the illustrations will be eleborate.

Scribner's For 1895 Will Be Better Than Ever.

If you desire only SCRIBNER'S MAGAZINE remit $3.00 to the Publishers:

Hastings Like Hayes.

A recent dispatch from Washington says: The boom inaugurated here on Tuesday favoring the nomination of Gov. Hastings of Pennsylvania for president next year, seems to be spreading. Not only are the politicians discussing his chances, but all the daily papers are devoting some space to this, the new dark horse. An evening paper to-day virtually predicts his nomination in a manner similar to that of Gov. Hayes, of Ohio, at the Cincinnati convention in 1876. It says:

Senator Quay is in earnest about pushing Hastings to the front. He believes that the convention of 1896 will be a repetition of that of 1876. In that memorable contest there were seven candidates. These were James G. Blaine, of Maine, Roscoe Conkling, of New York, Oliver P. Morton of Indiana, Joseph R. Hawley, of Connecticut, Benjamin H. Burton, of Kentucky, John F. Hartranft, of Pennsylvania and Rutherford B. Hayes, of Ohio.

It was the field against Blaine. Seven ballots were taken and the weakest man in the bunch, Hayes, landed a winner. In the convention next year there will again most likely be seven candidates, perhaps eight. These will be Reed, of Maine, Morton, of New York, Harrison of Indiana, McKinley of Ohio, Allison of Iowa, Burrows of Michigan, Lincoln of Illinois, and Hastings of Pennsylvania. Reed will be the leading candidate, as was Blaine twenty years ago. Senator Quay is firmly of the opinion that Gov. Hastings will occupy the same relative position in 1896 that Gov. Hayes held in 1876, that of the candidate upon whom the field could unite upon to defeat the favorite.

SULPHUR BITTERS

THE GREAT

German Remedy.

TRUTHS FOR THE SICK.

For those deathly Bilious Spells depend on SULPHUR BITTERS it will cure you.

$1,000 will be paid for a case where SULPHUR BITTERS will not assist or cure. It never fails.

Do you suffer with that tired and all gone feeling; if so, use SULPHUR BITTERS; it will cure you.

Cleanse the vitiated blood when you see its impurities bursting through the skin in Pimples, Blotches, and Sores. Rely on SULPHUR BITTERS, and health will follow.

Operatives who are closely confined in the mills and workshops; clerks, who do not procure sufficient exercise, and all who are confined in doors, should use SULPHUR BITTERS. They will not then be weak and sickly.

SULPHUR BITTERS will cure Liver Complaint. Don't be discouraged; it will cure you.

If you do not wish to suffer from Rheumatism, use a bottle of SULPHUR BITTERS; it never fails to cure.

SULPHUR BITTERS will build you up and make you strong and healthy.

Don't be without a bottle. Try it; you will not regret it.

SULPHUR BITTERS will make your blood pure, rich and strong, and your flesh hard.

Ladies in delicate health, who are all run down, should use SULPHUR BITTERS.

Try SULPHUR BITTERS to-night, and you will sleep well and feel better for it.

VIGOROUS HEALTH for MEN

THE PASTILLE CURE FOR NERVOUS DEBILITY — TRADE MARK

Prof. HARRIS' SOLUBLE MEDICATED Pastille

Has been put up in a proprietary form since 1878, and has been used for years prior to that time in private practice. It is no untried nostrum, of doubtful reputation, but a genuine specific for a very prevalent disease. Thousands of men, of all ages, have at some time in life brought on nervous debility and exhaustion, with organic weakness, by over brain work, excesses, too frequent indulgence or indiscretion and vicious habits, and it is to these that we offer a remedy that will, by its direct action upon the seat of the disease, stop the drain and restore the patient to vigorous health and strength.

Our method of introducing Prof. Harris' Pastille treatment is one which commends itself to all sensible persons—for the reason that we supply it upon their judgment of its value. We ask of our patrons nothing in the way of expense beyond a postal card and a two cent postage stamp. The postal card to be used in sending us their full address and the postage stamp for the letter returning the statement of their case for which we supply them with a question blank, to be filled out, and an envelope addressed to ourselves for use in returning it when filled.

FREE TRIAL PACKAGE. When we receive the statement on blank we prepare eight days' treatment and forward it by mail and prepay postage thereon—and along with the eight days' treatment we send full directions for using. The treatment in no way interferes with a person's attention to business, and causes no pain or inconvenience in any way.

We are so positive that it will give perfect satisfaction that we leave the matter of sending orders entirely with those using the free trial treatment. Having satisfied those sending for trial packages of our ability to benefit their sexual condition we feel that they are more largely interested than ourselves in continuing the use of the Pastilles. Even then we do not attempt to rob them by demanding high prices. On the contrary, we make the prices as low as possible, and the same to all. They are as follows: $3 for one month; $5 for two months; $7 for three months.

These prices secure the delivery of the Pastilles by mail. If desired by express we leave the patient to pay the charges. For over ten years we have operated our business upon this plan with satisfactory results.

We ask all persons needing treatment for any of the secret ills which come to mankind through a violation of nature's laws to send us their address on postal card or by letter and allow us to convince them that PROF. HARRIS' SOLUBLE MEDICATED PASTILLES have merit and are what they need.

All communications confidential and should be addressed to

AFFAIRS OF STATE.

Cleveland and His Cabinet Discuss Various Matters.

Washington, March 23.—The cabinet meeting to-day is said to have been devoid of any definite results with reference to the foreign situation in regard to Nicaragua and Venezuelan matters. The impression is given out that there is little danger that Great Britian will resort to harsh measures toward Nicaragua. The term "ultimatum" is regarded as being altogether too high-flown a word to be applied to the British request for reparation for alleged wrongful explosion of a consular officer.

The alleged attitude of Great Britain and Germany towards Venezuela is a subject upon which further information is desired before action is taken. In the event of Germany sending a war ship to collect money due German subjects by Venezuela, there can be no dobut the Berlin government will be informed, as was done in the recent case of France and San Domingo, that the United States view with disfavor any attempt to collect a private loan by force of arms.

The Thurston, it is understood, will remain in abeyance until March 27, when a steamer is due from Honolulu, which will probably bring official advices bearing on the subject of Mr. Thurston's recall.

It appears to be the belief in state department circles that Spain is not disposed to make any stand against the demands of this government in the Allianca matter. The situation in Cuba, and the cabinet crisis at Madrid are pointed to as reason why the Spanish government is anxious at this time to remain on good terms with the United States and it is predicted that Spain will waive part of what she believes to be her rights in the questions at issue and meet this government half way.

On the other hand, it is said that the Washington administration is willing to pass by, for the present at least, any alleged utterances of Senor Muruaga, the Spanish minister, that may be construed as uncomplimentary to Secretary Gresham.

Four Suspicious Men.

Bradford, March 22.—Officers West and King, of Olean, N. Y., arrested four colored men at Carrollton, N. Y., last night upon suspicion of being implicated in the robbery of Mr. and Mrs. Childs, which occurred near Smethport Wednesday night. The men are Bill and Fred Mabee, Gratton Wilton and Elmer Fields, all residents of East Olean, and are known as shiftless and disreputable characters.

These four men arrived at East Olean about 10 o'clock yesterday morning. They began to drink and displayed considerable amounts of money, a circumstance which was looked upon with suspicion, as none of them was ever known to have any large amount of money before.

In the afternoon they announced their intention of going to Portville, but instead of this they started for Carrollton. The men were searched and $157 found upon their persons. They will be removed to Smethport as soon as extradition papers are received. Additional developements fix almost beyond doubt, the crime of the robbery of Mr. and Mrs. Childs upon them as well as the robbery of the Western New York and Pennsylvania station at East Smethport last week.

A Bank's Creditors Meet.

DuBois, March 22.—The creditors of the defunct bank of DuBois, to the number of about 400, met at the opera house this afternoon to hear a statement from the bank, which was made by Congressman W. C. Arnold, attorney for the bank. Mr. Arnold showed that the liabilities were $143,542 and the bank assets $116,394, and that the stockholders were individually liable.

He stated that it had been proposed to execute a trust deed on the property, signed by the individual stockholders, in the sum of $100,000 to secure the creditors but that he would not himself advise the acceptance of the proposition for the present, because he had learned just before coming to the meeting, that one of the stockholders had allowed a judgment ment to be entered against his property for $20,000. The creditors then selected a committee to adopt a plan of proceedings, to report next Tuesday.

Want Better Tracts and Hymn Books.

Detroit, Mich., March 22.—At to-day's session of the conference of the Sunday School Missionary association of the Presbyterian church, the Presbyterian board of publication was severely scored for the alleged anticipation, attenuated tracts that it sends out and for the alleged hymn books it forces upon the missionaries. Only a dozen out of 1,500 tracts issued were of use, it was stated. A committee was appointed to draw up resolutions asking the board for a higher grade of tracts and better hymn books.

John L. Sullivan Ill.

Boston, March 22.—Ex-Champion John L. Sullivan has been confined to his bed at his sister's residence on Brooks avenue for several days with pneumonia, but the phyicians who are attending him expect him to be fully recoverd in at least another week.

Hickok Beat the Record.

New Haven, March 22.—The annual Yale in-door games were held to-night. W. O. Hickok, of Harrisburg, Pa., the inter-collegiate champion shot-putter and foot ball guard, fulfilled predictions by a throw ust ee. After it had been made Dr. Anderson, the announcer, said that it had been discovered that the shot had been found to be several ounces underweight, and that therefore the record would not stand. This was a keen disappointment to Hickok, as to-night's put distanced the great put of Mitchell, the Manhattan Athletic club champion.

A Physician Commits Suicide.

Waterbuay, Conn., March 22.—Dr. George C. Gay, 36 years old, a well known physician, to-day shot himself through the heart on account, as believed of financial troubles. He returned from New York early in the afternoon and tried to shoot himself at his residence, but his wife stopped him. He ran out to the barn, she following.

The doctor aimed at his temple, but she threw up his hands, when he aimed at his heart and fired, falling face downward in the hay. After calling help, his wife grabbed the revolver and threatened to shoot persons flocking into the barn, but neighbors took the pistol from her. She then fainted. A suit for debt was recently brought against the doctor and it is thought that failure to raise the money caused despondency.

Buckeye Men Shot At.

Martins Ferry, O., March 22.—Two non-union men employed at the Buckeye Glass works were stoned and shot at last night on South Fourth street under the Terminal railway viaduct. One was struck on the arm by a stone and the other on the leg, but the bullets did not touch them. They took refuge in the barricaded works.

To-night while Peter Dunn, a Buckeye workman, was walking on Carlisle street, three shots were fired at him. He returned the shooting, but nobody was hurt. Two of the non-union men who left town have returned.

Six non-union glassworkers arrived at the Buckeye factory to-night from Fostoria. They are said to be fine workmen.

Individual Communion Cups.

Grand Rapids, Mich., March 22.—Rev. Charles S. Lee, of the Second Baptist church, has invented and had patented, an individual church communion service. The device is a pyramid of three discs attached to a central standard. The discs have aperatures into which 75 tiny cups shaped like grapes repose, each holding a spoonful. At the top of the standard is a ring and swivel. A long handle with a hook at the end is used in passing the service. Rapidly as used the cups are inverted and there is a slow basin attachment to catch drippings. Mr. Lee is confident that his device will become popular. He will introduce it in his church

Objectionable People.

Those who want to tell part of your story for you.

Those whose education is constantly paraded before us.

Those who look with benign pity upon any one who does not see things as they do.

Those who know so much that they cannot refrain from correcting other people.

Those with opinions so positive that they know dissenting humanity to be fools.

Those who survey the universe with a little mind quite fascinated with its own importance.

Those who long to impress one with their ease and unconcern in the presence of supposed inferiors.

Those who by superficial falsity and internal egotism would convey an impression of exalted refinement.

Those who constantly bore us by interjecting narrations of self or surroundings into subject having no tangible connection.

Giving the Devil His Dues.

The devil is proud of a grumbler, no matter whether he belongs to church or not.

The man who knows that God is with him will always be very careful where he steps.

We hate our own sins most when we see them walking around in the shoes of some one else.

Our neighbor sees our faults, but he hasn't seen the bitter tears they have made us weep.

If the devil ever rubs his hands with satisfaction it is when he gets a good man to oppose a good cause.

Going out on a wet night to hear election returns is one thing and going to church in the same kind of weather is another.—Ram's Horn.

—Grimes Cellar Door will be the next entertainment in Garman's opera house.

DIRECTIONS for using CREAM BALM

Apply a particle of the Balm well up into the nostrils. After a moment draw a strong breath through the nose. Use three times a day, after meals preferred, and before retiring.

CATARRH

ELY'S CREAM BALM opens and cleanses the Nasal Passages, allays pain and inflamation, heals the sores, protects the membrane from colds, restores the senses of taste and smell. The Balm is quickly absorbed and gives relief at once. Price 50 cents at druggists or by mail.

COLD in HEAD

ELY BROTHERS, 56 Warren St., New York

NOTE—In issueing notice to jurors a clerical error was made for traverse jurors for the second week to attend court the 1st Monday in May. Instead they are to serve on the 5th Monday of April, the 29, 1895.

—Itch on human, mange of horses, dog and all stock, cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by F. Potts Green, druggist, Bellefonte, Pa. v26-5-1y

SPRING HINTS.

Some Good and Necessary Advice at This Season.

THERE ARE SOME THINGS WE MUST SURELY DO.

And This Thing is by Far the Most Important of Them All.

Everybody needs a spring medicine—a remedy which will strengthen and invigorate the system, and tone up the action of all the organs. The change from cold to warm weather causes a depression of the vital forces, resulting in weakened nerves, impure blood and inactive organs.

Our esteemed correspondent, Mrs. A. S. Gould, writes us from Garland, Me., some facts in regard to this subject which will be of great interest and value just at this season:

"Through the loss of my mother, the sickness of my husband, and the extra work which fell upon me, I was thrown into a condition of nervous and physical exhaustion. I grew constantly worse. I cannot find words to express that terrible feeling that existed through my whole system—a feeling of utter weakness and prostration, with strange nervous sensations.

"My right foot was so bad it was with great difficulty I could walk. I had to place my foot every way to keep from falling. My hands and arms were weak, numb and prickly. I was very tired all the time. There was a heavy dull feeling in my limbs. Nights they seemed like lead weights. When out riding a mile distance, they would feel as though I had lost the use of them. I would move my fingers and arms to see if I could. I expected any day to be found paralyzed.

"Then I began to take Dr. Greene's Nervura blood and nerve remedy. The first bottle did not seem to help me much but the second bottle did, and made me better. I kept on using it.

MRS. A. S. GOULD.

"Now I am feeling well, can do all my work and sleep well nights. I feel as if a great burden had been rolled away from me. I am doing a great amount of work every day and often walk, besides, as much as two miles.

"I think I will pass for a smart old lady, so much for Dr. Greene's Nervura blood and nerve remedy! I can truly say it has done wonders for me. I cannot speak too much in praise of it for it has been the greatest blessing to me.

"I only wish other people afflicted with disease would try it—not one bottle, but several, in order to give it a fair trial. I truly think they would never be sorry. My earnest prayer is that this wonderful remedy may go out into the wide world to sick and suffering humanity."

If you want to be perfectly strong and healthy, the best possible thing to do is to take the great curer and strengthener. You can be cured quicker in the spring than at any other season. You must take a spring medicine, eveyone knows that, and Dr. Greene's Nervura blood and nerve remedy is the best and most certain because it always cures.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene, is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

Neighborhood News.

Rescue missions are being organized in western towns by members of the Young Men's Christian association, which are doing good work.

Williamsport is excited over auditing of the accounts of the committee in charge of its centennial celebration, in which it is shown that members of the body received $50 for their services.

Many of the factories of Norristown are working over time at the best wages paid in years.

Home insurance companies are being organized in many of the cities and boroughs of the state.

The purpose to erect a city hall in Allentown has been indefinitely postponed by the authorities to the locality.

More houses for rent are now offered in Philadelphia than were ever advertised at this season in years before.

The old slope mine at Bennington has been abandoned. The mine, together with the shaft, has been in operation for the past twenty three or twenty four years, the Blair iron and coal company having operated them up to the 1st of September, '92, when they leased their mines to Lloyd & Mitchell, which company has been operating them since.

The coming pay of the Westmoreland and Penn gas coal companies at Irwin will be the largest the men have received in three years.

An innovation in hats for railroad men has made its appearance among Reading brakemen. It is an ordinary cap with an extraordinary peak about three inches in length and made of celluloid which, being transparent, enables the worker to bend low his head, escape the flying cinders and at the same time see what is going on through the peak of his cap.

One of the most popular writers of stories depicting army life is a woman, Mrs. Stannard, and one of the writers of the day who finds inspiration chiefly in naval life and adventure is also a woman, Miss Molly Elliot Seawell. Miss Seawell has chosen for the heroes of her romances many of the most gallant commanders in the American navy during its early years. Now she has made the most famous of all, John Paul Jones, the subject of a biographical sketch which will appear in the April *Century*. It is, in a measure, a vindication of Admiral Jones, who was called a pirate by no less an authority than Thackeray. Miss Seawell shows him to have been a single-hearted and devoted patriot. The article is founded upon unpublished documents in the posession of the Government. There are preserved at Washington hundreds of letters from Paul Jones, the larger number being written to Franklin and Lafayette. One of the letters to Franklin, which is freely used in the *Century*, gives Jones' own quaint but graphic account of the engagement between the *Bon Homme Richard* and *Scrapis*

A Rare Opportunity.

Any man or woman without previous experience can earn pay for whole or part time for selling seed potatoes and nursery stock for J. E. WHITNEY, Rochester, New York. 25-47-1yr

SENSATIONAL TRIAL.

The Case of Anna Dickinson in the United States Court.

Scranton, Pa., March 26.—Miss Anna Dickinson, who is suing G. B. Thompson and others for damages in the United States court for imprisoning her in the Danville insane asylum in 1891, was on the stand until 4 o'clock this afternoon undergoing cross examination. She was the most brilliant witness ever on the stand in this city and by her evasions baffled the skill of the opposing counsel, Major Everett Warren. There were great number of sensational features, due mostly to Miss Dickinson's marked peculiarities. The greatest sensation of the day was caused when she refused to recognize Miss Susan Dickinson, who sat at the defendant's table, as her own sister. She was finally compelled to admit that she was her own mother's daughter, but they were sisters in flesh and blood only, she said.

From 1863 to 1875 she had as many as 1,000 applications a year for lectures. She could deliver only from 160 to 180 lectures a year, for which she received from $150 to $1,000 a night. She worked hard, but did not overwork herself. She played "Hamlet" 200 times before American audiences. She told more in detail what she had yesterday given in general. She denied that she had ever suffered from nerve exhaustion or nerve trouble. She said she was not troubled with insomnia, and that she never was compelled to use artificial means to procure sleep or rest for her nerves.

She said that in 1890 her general health was as good as it had been, and, indeed better than it had been during the three or four preceding years. Miss Dickinson insisted on understanding the meaning of every word in a sentence before she would attempt to answer it, and she faced the opposing counsel with questions as to what each chief word in his sentences meant till it was evident that the lawyer was more the subject of the cross-examination than the witness.

At the afternoon session she was asked most sensational questions, to all of which she answered, "No," but in several instances she qualified her negative. She was asked if she had not gone riding with a man named Eggleston and if she had not pinched his leg and asked him to pinch her toe; asked if she had not on certain occasions rolled on the floor and kicked up her heels in an indecent manner; asked if she had not indulged in the use of intoxicants at times to excess, if she had not been profane and blasphemous, if she had not stabbed her sister in the hand with a pair of scissors, if she had not chased into the street indecently clad with a knife in her hand after her cook, and if she had not imagined that every one, from the president of the United States down, was conspiring against her and attempting to poison her. The case for the plaintiff closed this afternoon and the defense will open in the morning.

—We have thus far omitted to mention the accident which occurred to Ed. Taylor while repairing the gas pipes in the Brockerhoff House last Saturday evening. Ed. thought he had the pipes all good and tight and lighted a match to see. He saw, and also felt, for at that instant there was an explosion, and most all the hair on Ed's head was burned off, while his face was badly burned. Dr. Hoy attended the injured young man and at this writing he is getting along fairly well.

FACTS ARE STUBBORN.

And They Tell a Wonderful, Truthful Story.

The proprietors of Hood's Sarsaparilla have never made a claim concerning this great medicine which was not backed up by absolute and indisputable proof They claim that the laboratory in which Hood's Sarsaparilla is prepared is the largest building in the world devoted to the proprietary medicine business, Is this statement true? Look at the facts. In Lowell, Massachusetts, situated within a few feet of the tracks of the great Boston and Maine railroad system, in plain view of thousands of travelers, stands a brick building five stories high, sixty feet wide, and four hundred feet long, and this entire building is devoted to the business of Hood'a Sarsaparilla. Has any one ever expressed a doubt as to the reality of this great laboratory, or has any one who has been in Lowell ever contradicted a single statement that has ever been made concerning it? Has any traveler even seen, anywhere upon the face of the earth, the equal of Hood's Sarsaparilla Laboratory? No, it cannot be found. Then what does this fact mean? Simply that the business which has been built up by the demand for Hood's Sarsaparilla is of immense proportions.

The proprietors of Hood's Sarsaparilla claim that it has the largest sales in the world. The truth in this statement may be verified by any person who will make a fair inquiry of wholesale druggists all over the country.

Again, the proprietors of Hood's Sarsaparilla claim that Hood's Sarsaparilla cures. Upon the truth of this claim depends the reason for the existence of the mammoth laboratory and the reason for the immense and ever increasing sales. Once more let us examine the facts. Any thoughtful person who has given attention to publish testimonials must be convinced of the superiority of those published in behalf of Hood's Sarsaparilla.

They are from living people, who tell in their own words as nearly as possible what Hood's Sarsaparilla has done for them. Based upon solid truth, freely given in earnest gratitude, published without the embellishments of professional writers, these testimonials prove beyond a question that when all other prescriptions and medicines fail, Hood's Sarsaparilla Cures. Another point. The cures by Hood's Sarsaparilla are not in distant states or countries, or among people of whom we never hear except in the newspapers, but they are right here in our midst and often among our own friends.

Children Cry for Pitcher's Castoria.

ANSWER THIS.

The largest subscription house in the country wants a first class representative for this community to strictly special work short hours. Good pay. Minister Teacher, or wide-awake man or woman given preference. Address, stating age and former employment, Globe Bible Publishing Co., 723 Chestnut St., Phila., Pa. 25-13-4t

WANTED. EVERY SMOKER To send 7 two-cent stamps to help pay postage, packing, &c. and we will mail sample box of our NON-NICOTINE MIDGET CIGARS. Only one box to one address.
Address: Landis & Co., 26-10-tf Shippensburg, Pa.

WHAT
IRON
WILL DO.

IRON
IS NATURE'S OWN TONIC.
Stimulates the appetite and produces refreshing sleep.
GIVES VITAL STRENGTH TO NURSING MOTHERS.
Checks wasting disease, stops night sweats, cures consumption.
Increases strength and flesh.
MAKES RED PURE BLOOD,
Promotes healthy tissue.
Will give the pale sallow cheek the rosy cheek of youth.
CURES ALL FEMALE COMPLAINTS.
Makes strong men and women of weaklings.

GILMORE'S IRON TONIC PILLS
Cure all Wasting Diseases and their sequences,
BRONCHITIS, CONSUMPTION, &c.
They are neither styptic nor caustic and have no coagulating effect on the contents of the stomach or its lining; consequently do not hurt the teeth or cause constipation or diarrhœa, as do the usual forms of Iron. 10 days treatment 50c, pamphlet free. If not kept by your druggist, address
GILMORE & CO.,

EMPLOYMENT for men and women at home or to travel. Permanent route, goods light and easy to carry; almost as staple as flour. Address, A. H. GOTTSCHALL, 250 Hummel street, - - - Harrisburg, Pa.

Children Cry for Pitcher's Castoria.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY, Boston, Mass.
ALLEN C. SMITH, *Pres.*,

The Centaur Company, 77 Murray Street, New York City.

GREAT SPRING OPENING
—OF—
Dress Goods, Lace Curtains, Carpets, Prints, Ginghams, Shoes, Clothing, etc.

Prices Lower than any Store in this Part of the State.

Children Cry for Pitcher's Castoria.

WERE DISAPPOINTED.

The Steamship St. Paul Was Not Launched Yesterday.

Philadelphia, March 25.—By reason of the poor quality of tallow supplied to be used upon the ways, 25,000 people were disappointed to-day in their expectation of seeing the International Navigation company's second new steamship, the St. Paul, launched as the big hull stuck stubbornly, and despite every effort, could not be started from the stocks into the river.

After two hours hard work in the effort to start the ship, President Charles H. Cramp, of the Cramp Ship Building company, reluctantly announced to the people upon the guests' stand that the attempt to launch the St. Paul, would be abandoned to-day, as even if they could start her by continuing at work with hydraulic jacks and tugs, the launch might result disastrously to the vessel, as the tide had turned and was upon the ebb and there was not enough water to float the ship in safety.

The waiting thousands congregated in the yard had long since discovered that there was a hitch in the programme, and when the fluttering line of flags strung along the deck of the St. Paul were lowered they knew that no launch would take place to-day and slowly filed from the yard. But two similar experiences have ever been undergone by the Cramps, and the officers and directors who were present to-day were much chagrined at the failure, although it was one that it was impossible to foresee.

After the dispersion of the crowd the shorings were replaced beneath the bilge and sides of the St. Paul. Mr. Cramp made an inspection of the ways and found that the sole of difficulty had been the failure of the tallow to melt. In explanation he stated the tallow was purchased from the firm that the Cramp company always buy of, and that the order had been for the best quality of tallow only. The tallow was placed upon the ways on Wednesday last and as the weather has been cold it is possible that it may have became too solidly frozen. It is not yet definitely decided when another effort to launch the St. Paul will be made, but it will be in about two weeks. This delay is in no way due to any mechanical work that it is necessary to do in regard to the launching of the steamship, but it is necessary to wait for the full flood tide, and there will not be one b fore that time.

When the St. Paul is launched it is improbable that as large a crowd of people will be invited to be present as there was to-day, but the Cramps do not propose to allow to-day's failure to send the vessel off the stocks without ceremonies of some kind.

May Play Foot Ball.

Philadelphia, March 25.—The Evening Telegraph to-day says: It is just within the bounds of possibility that Pennsylvania and Princeton will meet upon the gridiron field in November next, notwithstanding the recent decision of the faculty athletic committees of the New Jersey college to prohibit for the time being all contests between the students of the two institutions. A number of Princetonians were in this city yesterday and from this source it was learned that the members of the last season's foot ball team have united in petitioning the faculty to consent to a game with Pennsylvania next fall. This action was taken at the instance of Capt. Lea, who is anxious to have an opportunity of offsetting the defeat of Princeton by Pennsylvania at Trenton last fall.

Being tried at Scranton.

Scranton, March 25.—The suit of Anna Dickinson to recover $125,000 damages for false imprisonment in the State Insane Asylum at Danville, and in which James Courtright, George B. Thompson, Allen Eggleston, John S. Hailman, George Underwood and Henry L. Bryden, of Pittston, and Dr. James Oglebv, of Danville, are the defendants, was called in the United States Circuit Court here to-day, Judge Atcheson presiding.

Miss Dickinson charges that her committal and detention in the asylum was the result of a conspiracy. She was kept there for five weeks, against her will, in the spring of 1889. Her attorneys are Judge Daley, of New York, and W. S. McLean, of Wilkes-Barre, and the defense is represented by the strongest legal talent in northeastern Pennsylvania. The defendants are wealthy men and the case will be stubbornly contested.

Battle With Tramps.

Leechburg, Pa, March 25.—A riot that will probably result in the death of O. S. Reynolds, a member of the Hyde Park Brick company, and the injury of several others, occured at the Hyde Park Brick work late Saturday night. Five tramps under the influence of liquor demanded admittance to the warm sheds. They were ordered away by Henry Shaffer, one of the firm. Mr. Shaffer was badly beaten before employes came to his assistance and the tramps were driven away. Later they returned, and, when again ordered away by Mr. Shaffer, they opened fire on him with revolvers, Shaffer was shot in the leg and was followed into the office by the mob, which continued shooting. O. S. Reynolds was shot in the face and had his skull fractured with a brick. H. F. Ross was also knocked senseless.

Neighbors came to the rescue and a general fight followed, during which clubs, bricks and revolvers were freely used. One of the tramps was arrested. He gave a description of the rest of the gang and was released. Public feeling runs high, and if the tramps are captured they will suffer severely.

Failed to Open its Doors.

Newport, Pa., March 25. -The Newport Deposit bank, as was expected, failed to open its doors this morning. A card on the door says that, owing to the general stringency of currency and the current demands made upon the bank, it is unable to transact business. Approximately the assets are $262,000 and liabilities $160,000 Assignees will be appointed to day and the affairs of the bank liquidated.

In Honor of General Greenland.

Harrisburg, March 25.—An order was issued from National Guard headquarters to-night announcing the death of General W. W. Greenland, late adjutant general. The order reviews his public services and adds:

"General Greenland served his country with fidelity and distinction during the war for the suppression of the rebellion. As an officer of the National Guard of Pennsylvania and as adjutant general of the state he discharged the duties devolving upon him with marked ability. He was especially enthusiastic and earnest in all that pertained to the advancement of the National Guard.

"In civil life he held numerous positions of trust and responsibility. In political and business life he was respected and honored for his manliness and frankness. As a soldier he was brave; as a citizen conspicuous and served with marked ability and loyalty both the nation and the state.

"In tribute to his memory the adjutant general's office will be closed on the day of the funeral, Wednesday, March 27, and the flags on the several armories throughout the commonwealth will be displayed at half mast."

A Good Appetite.

Always accompanies good health, and an absence of appetite is an indictation of something wrong. The loss of a rational desire for food is soon followed by lack of strength, for when the supply of fuel is cut off the fire burns low. The system gets in to a low state, and is liable to severe attacks of disease. The universal testimony given by those who have used Hood's Sarsaparilla, as to its great merits in restoring and sharpening the appetite, in promoting healthy action of the digestive organs, and as a purifier of the blood, constitutes the strongest recommendation that can be urged for any medicine. Those who have never used Hood's Sarsaparilla should surely do so this season.

A Big Bridge Contract Awarded.

As a result of a conference held in Philadelphia on Tuesday, between President Roberts, Third Vice President Pugh, General Manager Prevost and Chief Engineer Brown, of the Pennsylvania railroad, the contract for the superstructure of the bridge that will span the Delaware river above that city, and which will be built by that company, was awarded to the Pencoyd iron works of Philadelphia. The bridge will connect the New York division of the Pennsylvania railroad with the New Jersey lines of the same company. Work upon the structure, which will require 7,000 tons of steel, will begin on August 1, and the bridge will probably be completed by January 1, next.

Cuban Rebels Defeated.

Havana, March 25.—Colonel Santocildes, who commands the government force at Mammillo, reports that yesterday troops under Colonel Araoz attacked and dispersed rebel bands 500 strong. Fifteen rebels were killed and many others were wounded. The government force lost one officer killed and two privates wounded. The same government troops also dispersed a party of rebels on March 22, losing one officer killed and three privates wounded.

A report from Holguin says that insurgents are approaching that place. The force is 300 strong and well armed.

"There is Danger in Delay."

Since 1861 I have been a great sufferer from catarrh. I tried Ely's Cream Balm and to all appearances am cured. Terrible headaches from which I had long suffered are gone.—W. J. Hitchcock, Late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y.

Ely's Cream Balm has completely cured me of catarrh when every thing else failed. Many acquaintances have used it with excellent results.—Alfred W. Stevens, Caldwell, Ohio.

Price of Cream Balm is fifty cents.

The Reporters Still Alive.

Massillion, O., March 25.—The survivors of the invading army that marched to Washington under General Coxey a year ago had a reunion here to-night. Carl Browne lectured at length and made the startling announcement that when the troops were in the heart of the Alleghenies the conspiracy was hatched for the capture of the newspaper correspondents and the execution of those most offensive to the reincarcerated reformers. Browne says that he held the destroying hand and the reporters were permitted to live.

A Politician Commits Suicide.

Wilkesbarre, Pa., March 25.—Ex-county Auditor Thomas Benneto, aged 40 years a well known politician in his day, committed suicide this morning. He has been an inmate of the Luzerne county almshouse as a retreat for a year past. Being despondent for some time, and while in a fit of insanity, jumped from the window of his room to the ground, a distance of thirty feet. When found he was dead.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceedingly promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by F. Potts Green, Bellefonte, Pa. v26-5-1y

Colonel Robinson Is Public Printer.

Harrisburg, March 25.—Governor Hastings has appointed Colonel Thomas Robinson, of Butler, superintendant of public printing, vice Colonel W. Hayes Grier, of Columbia, resigned. Colonel Robinson was formerly engaged in the newspaper business at Butler. He is a friend of Senator Quay and has been for many years one of the foremost republican leaders of Western Pennsylvania. He will assume his duties April 15.

"Health Insurance."

That is almost as necessary as life insurance. It means reasonable care and occasionally a little medicine—not much. A Ripan's Tabule is enough in most cases

A Sensational Suicide.

La Grange, Ind., March 24.—Cornelius La Munyon, a well known citizen of this county, committed suicide last night in a most shocking and sensational manner. Becoming angered at his family, while in a state of intoxication, he deliberately and literally blew his head off with a double barreled shot gun. He first compelled his wife and children to seat themselves so they could see the terrible deed accomplished. The four walls of the room were spattered with blood and portions of his head and every member of his family was covered with the same.

Charged With Robbery.

Lewistown, Pa., March 24.—During the past few months considerable thieving and burglarizing has been going on here with no apparent clue to the perpetrators. Officers, however, have been at work on the case and last night, armed with a search warrant, went after the stolen property and arrested William Minehart as one of the men. Nearly all the stolen goods were recovered, including a number of articles missing for months. Minehart was given a hearing and while being taken to jail broke away from the officer and attempted to escape. He fired two shots at his pursuer, but was finally recaptured. The remainder of the gang are known, but are still at large.

Children Cry for Pitcher's Castoria.

An Eminent Professor Dead.

Philadelphia, March 26.—Dr. Julian Adams Ryder, professor of embryology at the University of Pennsylvania died to-day from an aggravated attack of dyspepsia after an illness of ten days. Professor Ryder was one of the foremost embryologists of his time, noted in Europe as in this country and his place in the university faculty will be well nigh impossible to fill. Professor Ryder was born near Linden, Franklin county, Pa., in 1852. Outside of a very short attendance at a preparatory school, which he was compelled to relinquish owing to great financial reverses happening to his father he had nothing but a public school education. He attracted the favorable attention of European bacteriologists as a result of his researches at the age of 25. He then began to be appreciated at home and as a consequence received the position of embryologist to the United States fish commission. From 1886 he had been a professor at the university and during that time published a great number of pamphlets bearing on his original researches.

Receiver for DuBois Bank.

DuBois, Pa., March 26.—Hughes McCullough, ex-councilman, has been appointed receiver for the defunct bank of DuBois and, with the stockholders, met the creditors this afternoon. As time drags along the creditors have become considerably excited over the bank's affairs and hundreds of thousands of dollars judgments have been entered against the stockholders, but, since this afternoon's meeting, matters are assuming a more definite shape and a better feeling prevails.

Almost Blind

Inflamed Eyes and Running Sores

The Success of Hood's Causes Great Rejoicing—A Perfect Cure.

Miss Cora B. Ebert
Barnesville, Pa.

"C. I. Hood & Co., Lowell, Mass.:

"I feel it a duty to state what Hood's Sarsaparilla has done for me. I was almost blind, being compelled to stay in a darkened room on account of inflammation of the eyes. I also suffered with running sores on my body. I was in terrible condition. My mother tried every thing she knew about and I was attended by two doctors but without helping me. Finally Hood's Sarsaparilla was recommended and I had not taken two bottles before I began to get better. The inflammation left my eyes and the sores healed, and the result was that

I Became Stronger,

and was restored to perfect health. At that time I was only twelve years old; now I am nineteen and I have not since been troubled with my eyes or noticed any sign of a return of the sores on my body. I can recommend Hood's Sarsaparilla as an excellent blood purifying medicine." Miss Cora Ebert, Barnesville, Pa.

WITHOUT RELAPSE, COLLAPSE, MISHAPS or PERHAPS!

TRAIN HELD UP.

Is Believed the Job Was Done by Ex-Deputy Sheriffs.

Victor, Col., March 24.—Florence and Cripple Creek railroad train No. 6, south bound, leaving Victor at 9.50 p. m., was "held up" last night by five masked robbers just outside the city limits. The bandits then went through the mail and express car but found nothing valuable. The robbers then compelled the express messenger to take the lead, and going through the coaches, they "held up" several passengers, taking two or three gold watches and some money. No one was injured. All officials of surrounding towns were notified by telegram of the robbery at the first station.

Cripple Creek, Col., March 24.—This morning Sheriff Bowers, assisted by a half dozen deputy sheriffs, went to the scene of last night's train robbery, but could learn nothing. About noon the famous bloodhound from Walsenburg arrived on a special train and he was immediately placed on the trail and followed it to a small log cabin located near the Strong mine.

A crowd of 2,000 people followed the dog. Inquiry was made as to who occupied the cabin, and Bob Taylor, ex-deputy United States marshal, and Frank Wallace were arrested. They were brought to Cripple Creek by Sheriff Bowers, and the trainmen identified Taylor as being one of the men who went through the cars and relieved the passengers of money and jewelry.

The sheriff is convinced that his ex-lieutenant was one of the five men who men who held up the train. Some of the trainmen say Wallace strongly resembles one of the robbers. The names and location of the other men are known to the officers. They are believed to be ex-deputy sheriffs.

Old Age Not a Disease.

Old age need not be necessarily feeble. For people at sixty to say, it's natural at their age to feel weak and feeble, is not so.

Mrs. Belinda Hodson, Haverhill, N. H. exemplified this fact very plainly in her letter to Dr. Kennedy, wherein she says, "I recovered from a long and painful illness, and finding myself continuing in a weak and debilitated condition, I used Dr. Kennedy's Favorite Remedy, and found in it the one thing needful to supply the wasted vitality in aged people. It improves the appetite, quiets the nerves, and cures insomnia (sleeplessness)."

Mr. Solomon Davis of North Kortright, N. Y., found the same result from using Favorite Remedy. In speaking of it he said: "How much better the average old person would feel if they would use this valuable preperation, Dr. Kennedy's Favorite Remedy. Outside the fact that it will cure the most obstinate case of constipation, it gives strength and tone to the system, and renews one's vitality."

Struck by Lightning.

West Chester, Pa., Mach 26.—During a heavy thunder storm yesterday the farm house of Robert Love, at East Brandywine township was considerably damage, and every person in it was more or less affected. A 2-year old child is still in a serious condition, while several other members of the family have not fully recovered. Every pane of glass in the house was broken, and several of the sashes were knocked out of place. The flying glass cut Mrs. Love and her son badly.

Waiting for an Official Statement.

New York, March 26.—Collector James T. Kilbreth had a long talk with Surveyor of the Port Maguire to day over the alleged violation of the law last Saturday when Secretary of the Treasury Carlisle took William K. Carlisle, his son, off the steamship Paris on a revenue cutter before the quarantine officials had passed her. Collector Kilbreth ordered Mr. Maguire to prepare an official report forthwith on the matter. Collector Kilbreth said that until Mr. Maguire made his report he could not say anything official.

All But One Body Recovered.

Evanston, Wyo., March 24.—Searching parties in the Alma mine have recovered all the bodies except one. Of the number killed thirty-two were members of the Mormon church. The president, Joseph Smith, and Seymore B. Young and others came here from Salt Lake City to attend the funerals which were held to-day.

Sentenced for Intoxication.

New York, March 24. — Miss Delia Keegan, aged 50 years, was sentenced to ten days' imprisonment by Police Justice Ryan in the Yorkville court to-day on a charge of intoxication. This is the woman servant who sued Russell Sage, the financier, for $50,000 for breach of promise. She lost the suit.

Burned out for the Third Time.

Chicago, March 26.—For the third time the stock of the Bell Clothing company, which occupied a building at State and Quincy streets, in the centre of the retail district, was destroyed by fire this afternoon. The blaze started when State street was crowded with shoppers and it was filled with people. So rapidly did the flames spread that the frightened occupants of the building scarcely knew what was the matter before they were tumbling over each other in their haste to get down stairs. Some tried the windows and a half a dozen were hanging to a big sign for dear life when the firemen arrived and rescued them with ladders, amid the cheers of a tremendous crowd. The insurance on stock is $250,000 and loss estimated at $200,000. The stock is owned by J. H. Cohn & Co. The loss on the building is $25,000 fully insured.

A Bedford Firm Fails.

Bedford, Pa., March 26,—The shoe house of Beegle & James was to-day closed by the sheriff. The liabilities of the firm amount to $13,000, while the assets remain unknown. Many persons suffer from the failure, which involves much borrowed money. Eight thousand one hundred dollars of the above amount has been accorded first place upon the docket and is held by members of the family or immediate friends. Apparently no business house of this city stood on a firmer basis. Both members of the firm assure their creditors dollar for dollar.

Bitter Contest Over Douglas' Estate.

Washington, March 26.—Mrs. Rosette D. Sprague, eldest child of the late Frederick Douglass, and wife of Nathan Sprague, of this city, filed a petition today in the probate court in which she charges Mrs. Helen Douglass, her stepmother, and Lewis H. Douglass, her brother, with unlawfully retaining possession of her father's property, and requests the court to grant her letters testamentary on the estate. This is thought to be the beginning of a bitter contest between members of the family over the division of the estate.

Harriet Beecher Stowe's Health.

Hartford, Conn., March 26.—Owing to the publication of a story that Harriet Beecher Stowe had become violently insane and was to be committed to an asylum, Dr. E. B. Hooker, her physician, to day stated that there is no change in her condition, except that she is in better health than usual, and she spends much of her time out of doors, visiting freely her friends and neighbors.

Big Contract Awarded.

Philadelphia, March 26.—The contract for the iron bridges and trestle work for the approach to the new bridge over the Delaware river was to-day awarded by the Pennsylvania railroad to A. & P. Roberts, of the Pencoyd iron works, Philadelphia, who already hold the contract for the superstructure of the bridge. The contract involves about 2,000 tons of structural iron.

Given a Preliminary Hearing.

Lancaster, Pa., March 26.—Frank A. Diffenderfer, of Brooklyn, N. Y., who is charged with embezzling $10,000 of trust money held for his brother, J. L. Diffenderfer, of this city, was given a preliminary hearing this morning and the case was returned to court. Diffenderfer was given into the custody of the sheriff until to-morrow morning when he will be taken before the court on a writ of habeas corpus.

There Will Be No Extra Session.

Washington, March 26.—The president expects to leave the White House with his family next week and occupy "Woodley," his country residence in the suburbs of Washington. Early in June he will go with his family to Buzzard's Bay. At present, it is understood, the president does not anticipate any emergency requiring an extra session of congress.

The Man who heard it before.—2.

FIFTY-NINE MINERS DEAD.

An Awful and Terrible Explosion in a Wyoming Mine.

Evaston, Wyo., March 21.—Fifty-nine miners were killed by a terrible explosion in mine No. 5 of the Rocky Mountain Coal and Iron company's mine at Red Canyon, just before 6 o'clock last evening. Seven of the victims were slain on the outside by flying timbers. The rest were buried alive at the seventh level, where they were awaiting a car to take them from their work. Sixteen of the dead have been recovered so far.

The explosion is said to have come from a blast setting fire to dust. The shock was most terrific. The whole town was shaken and women and children flew out of the houses, crying out for their beloved ones.

The power plant, fan house and several other buildings were wrecked, causing heavy loss. The slope and entrances to the lower workings were blocked with wreckage. A few lives were saved because of the time of the explosion. A number of men had come out and a number had just left the entrance when the explosion occurred.

A relief party was speedily at work, but owing to the foul air and after-damp it was fully three hours after the accident before volunteers were able to enter the main slope. They returned with two burned and blackened bodies with garments torn to threads, making it allmost impossible to identify them. The explorers reported that cave-ins barred further progress. This necessitates laborious work removing the obstructions.

A few more bodies were taken out last night, and to-day a force of twenty-one men went into the mine to recover the bodies of the other victims. There is no fire in the mine, and the work is progressing as rapidly as possible. All hope of any of the entombed miners being alive has been abandoned.

This is the third disastrous explosion in this vicinity. In 1881 No. 2 mine, Rocky mountain, exploded, killing thirty-six Chinese and four white men. In the spring of 1886 an explosion in Union Pacific mine No. 4 killed thirty-six men.

Bill to Tax Bachelors.

Springfield, Ill., March 22.—A bill to tax bachelors and establish an "Old Maids' Home," when the tax fund shal have reached $50,000, was introduced in the house to-day by Representative Walleck. The bill defines bachelors as single men of 32 years or over who have never been married, and exempts men who have reached 65, who are physically unfit or who can prove to a board of unmarried women over 60 years that they have proposed marriage at least three times to marriageable females and have been refused each time.

Was Fatally Injured.

Bethlehem, Pa., March 22.—Nathan Brotsky, a peddlar from Easton, had both legs cut off on the railroad to-day and died at the hospital, He was on his way home from San Francisco beating his way on trains most of the journey. The accident happened when he was within a few miles of his destination.

A Little Girl's Sad Death.

Vinita, I. T., March 22.—Mrs. James Vaughan was sewing on her machine this afternoon when a needle snapped and a part of it stuck in the table. She put in a new needle and continued her work. About ten minutes later she noticed that her 2-year-old daughter sat rather quiet on the floor and called to her, but received no answer. She picked the child up and found to her horror that it was dead. A physician found that the cause of death was a small part of the needle, which had struck the eye and penetrated the brain.

Counterfeit Notes.

A new lot of cleverly executed counterfeit money is reported to be on the market and secret service officers, who are on the alert, are following up every clue in the effort to locate the confederates who act as the medium for placing the bogus notes in circulation. It is believed that a well organized gang is engaged in this work, because quite a number of business men have been victimized lately. The counterfeits now being circulated are described as some of the best that have yet made their appearance. One of them is an imitation of a $10 United States note. It bears the date of 1880, has the letter B and bears the names of W. S. Rosecrans, register, and E. H. Nebeker, treasurer. It is pulp paper and has a small pink scalloped seal. Two others that are causing trouble are counterfeits of silver and gold certificates. One is a $5 note, with the check C signed W. S. Rosecrans, register, and E. H. Nebeker, treasurer. The words "series of 1991" and "Grant" are omitted. The other is a $10 note with the check letter B· 1891, signed B. K. Bruce and A. U. Wyman, the titles being omitted. The experts declare it to be a good photograph.

A Good Bill Suggested.

In the senate the committee on railroads reported a bill providing that on and after January 1, 1898, no railroad shall use in moving traffic between points in this state any locomotive not equipped with a power driving wheel or air brake and appliances for operating the train brake system; or run any train which has not a sufficient number of cars so equipped with power as to enable the engineers to regulate it. On and after January 1, 1898 no cars shall be handled without being equipped with automatic couplers, which can be worked without going between cars. The bill is suggested by the railroad commissioners.

Against the Tax Bill.

The manufacturers Club, of Philadelphia, has passed the following resolutions:

WHEREAS, A tax bill reported and recommended by the Pennsylvania Tax Conference and now urged upon the legislature of Pennsylvania proposes to make important changes in the existing system of imposing taxation, and

WHEREAS, The proposed bill menaces manufacturing companies and other important interests in the state with additional and wholly unnecessary taxation, be it and by the Manufacturers' Club of Philadelphia, it is

Resolved, That the legislature be requested to reject the said tax bill for the following among other reasons,—

First, It proposes to create a deficiency in the revenues of the State.

Second, It proposes to supplant a tax law which has produced revenue enough without oppressing seriously any interest in the commonwealth.

Third, It proposes in defiance of wise precedent to tax building associations and at a time when the thrifty workingmen of the State in inforced idleness or with diminished wages, find it unusually hard to make payments to said associations.

Fourth, It proposes also in defiance of just precedent, to place a tax upon the capital stock of manufacturing companies, and in a time when manufacturing industry is severely depressed and when the federal government is requiring such companies to pay a newly inforced income tax.

Fifth, It proposes, according to opinion of good lawyers, to place this additional burden of taxation upon building associations and manufacturers and to create a deficit in the revenues of the State while it exempts almost wholly from local taxation railroad, street railway, turnpike, bridge, telegraph, telephone, and ferry companies; electric light heating and power companies, mining and distilling, brewing, opera house, market house, hotel and drove yard, land and improvement and quarrying companies, none of which have any right to such relief greater than that possessed by manufacturing companies and building associations.

Resolved, That against this revolutionary, unjust and uncalled for legislation the Manufacturers' Club of Philadelphia makes solemn protest and it calls upon the representatives of the people in the general assembly to defeat the objectionale measure.

Interesting State Notes.

A shoe factory is to be established at New Freedom, York county.

Evangelist Murphy is doing some effective work in northwestern towns.

The annex to Montgomery county's new jail is almost ready to receive prisoners.

It costs Carroll township, York county, $367 to open its snow blockaded roads this winter.

All the churches in York collected money on Sunday in aid of the hospital of that city.

Arrangements are being made to enlarge and refurnish the Odd Fellows' hall at Mt Carmel.

Since the introduction of street railways fast driving in towns and cities is indulged n with great risk.

Chief Burgess John L. Bedford, of Renovo, died there on the 13th instant, after an illness of only two days.

A. D. Selzer, of Lebanon, has been appointed to an important position in a federal department at Washington city.

Officers of the National Mine Workers' union are holding a series of meetings in the anthracite regions of the state.

The Citizens' Telephone company, of Lancaster city, has been given an exclusive franchise for a period of ten years.

It is curious fact, that wherever a local physician procures a bottle of antitoxine he is regarded as a public benefactor.

A big advance in the price of wheat has induced many Pennsylvania farmers to withhold large quantities of last year's crop.

The Meadville Star says that the robin and the blue bird have postponed their spring visit until after a general thaw.

A mass meeting was held in a York Lutheran church, at which Sunday newspapers were condemned as breeders of "immorality."

Winter wheat, according to some reports, never looked more promising than it does now in the great valleys of eastern Pennsylvania.

There is not an ice gorge in the river above Sunbury but what has been reduced at least one half of what it was at the beginning of March.

York county has eight patients in Wernersville insane asylum. The cost of keeping them, for eighty one and one seventh weeks, at $1 per week, is $81,14.

Down in Huntingdon.

Huntingdon, March 21.—The hearings in the matter of applications for liquor licenses in Huntingdon county were concluded last evening, and this morning the decisions were announced in open court. Of the fifteen applications seven were granted, seven refused and one held over. Four of the sucessful applicants are tavern keepers in this borough, and the only hotel outside the county seat granted a license was the Eagle house at Orbisonia. One bottler and one distiller were each granted a license.

This was the first license court in Huntingdon county that Judge Love has presided over and to ascertain his position on the question the temperance people were unusually active and made a general fight against the granting of all licenses, which was supplemented with bitter opposition in specific cases. A sucessful fight at this time had considerable significance with the opposition to licenses, and the battle was vigorous from beginning to end

The number granted is one less than granted last year by Judge Furst, the present judge's predecessor.

Tortured and Robbed.

Bradford, Pa., March 21.—The report of a shocking outrage has been received here, the victims being Mr. and Mrs. M. E. Childs, an aged couple living about four miles from Clermont. Last night three masked men broke into the house and demanded money, which they supposed was concealed about the premises. Mr. Childs refused to disclose its hiding place and struck a murderous blow, which felled him to the floor senseless and laid open his scalp. The old couple were then tortured until Mrs. Childs in her agony told where the money was hidden. The robbers secured about $600 and decamped.

One Job Gone, They Get Others.

Washington, March 21.—The president to-day appointed William M. Springer, o Illinois, judge of the United States court of the Northern district of the Indian territory; Constantin Buckley Kilgore, of Texas, judge of the United States court of the Southern district of the Indian territory. The appointment of ex-Congressman Springer and Kilgore was received with gratification in Washington, where both men are personally popular.

An Increase in Licenses.

Pittsburg, March 21.—The official list of liquor licenses for the cities of Pittsburg and Allegheny were handed down to-day. There is an increase of seventy-seven licenses in the two municipalities over last year. The total number granted is 504 in Pittsburg and 164 in Allegheny. The number refused in Pittsburg is 92 in Allegheny 45.

Two Rebel Leadors Killed.

Havana, March 21.—The governor of Santiago province reports that on March 18 general Garrich started from Baire with 220 men. The troops overtook the rebels at Solis and killed five of them in a short but brisk fight. Among the dead were the rebel leaders, Manuel and Pacheco, and the aide-de-camp, Esrade. All the arms and amunition of the rebels were captured.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise on account of its exceedingly promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by F. Potts Green, Bellefonte, Pa. v26-5-1y

Children Cry for

PAINT cracks.—It often costs more to prepare a house for repainting that has been painted in the first place with cheap ready-mixed paints, than it would to have painted it twice with strictly pure white lead, ground in pure linseed oil.

Strictly Pure White Lead

forms a permanent base for repainting and never has to be burned or scraped off on account of scaling or cracking. It is always smooth and clean. To be sure of getting strictly pure white lead, purchase any of the following brands:

"Armstrong & McKelvy,"
"Beymer-Bauman,"
"Davis-Chambers,"
"Fahnestock."

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a 25-pound keg of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.

Send us a postal card and get our book on paints and color-card, free; it will probably save you a good many dollars.

UNIQUE CITY GOVERNMENT.

At the National Capital the City Treasury is not at the Mercy of Local Politicians.

The revelations made by the investigations of the Lexow Committee in regard to corruption in the municipal government of New York city has called general attention to the government of cities throughout the country. In some cities, through associations of private individuals and through the press, some steps have been taken to correct the most glaring of the evils which oppress the residents of the average city. It is but natural that at this time owing to the awakened public interest in this direction, that there should be considerable attention directed to the form of city government which prevails at the nation's Capital. Perhaps the most striking result, and that which perhaps would commend itself most thoroughly to practical minds, is that such a very large percentage of the money contributed by tax payers is expended directly for the benefit of the city.

As is perhaps well known, the people of Washington have no voice directly in their local government. The city is located in a territory some sixty miles square, which was ceded to the United States by the state of Maryland, for the purpose of establishing there the seat of government. Congress has exclusive jurisdiction over this territory and holds the relative of common council to the citizens of Washington. The form of government is by three commissions, two from city life and one from the army, who are appointed by the president by and with the advice of the Senate. The government appointment of the minor officials of the District government is entrusted to the commissioners.

All the laws for the government of the District are passed by Congress, but the commissioners are authorized to make the police regulations, the building regulations, and the other minor regulations which are found neccessary. The money collected from the assessment of real estate, from the liquor licenses, the personal tax, and for privileges of various kinds known as licenses, is paid into the United States Treasury, under the law which established this form of government. The United States is pledged to pay one-half of the muncipal expenses of the District. The annual revenue of the District is about $3,000,000, and this is supplemented by a similar amount from the United States Treasury.

Congress passes each year what is known as the District appropriation Bill, which provides for the various expenses of the city, on the basis of a gross expenditure of about $6,000,000. This division of the burden of expenses of the District government was fixed upon because it was found that the value of the United States property in the city was about 50 per cent. of the valuation of the entire property, and in comparison with the valuation of taxable property, owned by private individuals, the property of the United States, and that of the District itself, and of other exempt property, was more than 50 per cent.

In order to give some idea of how the sum of $6,000,000 is expended yearly for the running expenses of the city government at the Nation's Capital, some of the principal items are given. The largest item in this expenditure is the one to meet the interest on the debt which now amounts to about $80,000,000, and the sinking fund charges, a total annual expenditure of more than $1,500,000. In addition more than $660,000 is spent on street improvements; over $942,000 for the public schools, while the police department costs more than half a million. Some $480,000 represents the cost of charities and corrections, while $396,000 is spent on sewers, and $236,000 for salaries and contingent expenses. The fire department $163,000; the courts, $98,000, and the militia $20,000.

There is in each House of Congress a committee which has charge of matters relating to the District of Columbia. Citizens appear before these committees and urge the needs of the city. The economy of this form of government is undisputed while the absence of the practical politician and his raids upon the public treasury, which is the common feature in all city governments, is composed to be a great advantage. In consideration of these benefits, the substantial citizens of the Nation's Capital are perfectly willing to go without the exercises of the right of franchise.

It is admitted that this form of government is theoretically imperfect, inasmuch as there is no provision made for the exercises of the right of franchise on the part of the citizens. It is considered by those who have lived under this government, which has existed since the year 1878, that this defect appears greater in theory than in actual experience. A large number of the residents of Washington are no more disenfranchised than are a like number of residents in other cities of the country. It is admitted that one of the causes of the venality and corruption in the governments of American cities is due to the voluntary withdrawal from active participation in local affairs of many of the best and most substantial citizens do not enjoy this right while, on the other hand, the control of municipal affairs is not handed over to the ignorant and lower elements of the city's population. In lieu of the privilege of casting a ballot, which seems to be valued more highly in theory than in practice, the citizens of Washington live under a clean and economical local government. The money that they pay into the public treasury is expended almost to a cent for public purposes, and for common good.

The men who are selected as civilian commissioners are engaged in professional or commercial business, and at the close of four years term of office they expect to return to the ranks of the citizens and to resume their occupations. They are therefore amenable to the will of the people, and are anxious to promote their personal popularity. In their intercourse the officials of their city government, the average citizens suffer no dimunition of respect or influence because he does not exercise the right of a freeman at the polls. As a class it is said that the citizens of Washington are satisfied with the present form of government, although there is a certain element who have not given up the hope that popular suffrage will again be restored with the inevitable accompaniment of the distribution of the spoils of office.

Cures Rising Breast
"Mothers' Friend"
. . . Is the greatest blessing ever offered child-bearing woman. I have been a mid-wife for many years, and in each case where "MOTHERS' FRIEND" was used it accomplished wonders and relieved much suffering. It is the best remedy for **rising of the Breast** known, and worth the price for that alone. MRS. M. M. BREWSTER, Montgomery, Ala.

BRADFIELD REGULATOR CO., ATLANTA, GA.

Terry's Silvereen.

Among the many discoveries of the present age, none rank higher than the new metal silvereen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware.

Silvereen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted.

We want every one to have a chance to compare silvereen with silver, so for the next sixty days we are going to give away one half dozen Silver Tea Spoons *Free*, to every person who will send for one of our Silvereen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Sivereen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons. Send at once as this offer is for 60 days only.

Price of Silvereen set $2.00.

What's gone and past help should be past grief.

Opposition inflames the enthusiast, never converts him.

Let France have good mothers and she will have good sons.

Only actions give life strength; only moderation gives it a charm.

Nature is too thin a screen; the glory of the One breaks in everywhere.

The less we parade our misfortunes, the more sympathy we command.

Individuals may form communities, but it is institutions alone that can create a nation.

Passion, in its first violence, controls interest, as the eddy for a while runs against the stream.

The opinions of men who think, are always growing and changing, like living children.

Modesty is practiced to the occasions of life, and strongest in youth when passion is so too.

A proper secrecy is the only mystery of able men, mystery is the only secrecy of weak and cunning ones.

A fool, indeed, has great need of a title; it teaches men to call him count or duke; and thus forget his proper name fool.

Manners are the shadows of virtues, the momentary display of those qualities which our fellow-creatures love and respect.

All the molestations of marriage are abundantly recompensed with the other comforts which God bestows on those who make o wise choice of a wife.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was incurable. For a great many years the doctors pronounced it a local disease, and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven crtarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. W. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

DON'T STOP TOBACCO.

How to Cure Yourself While Using the Weed.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and hap iness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully conpounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes or refund the money with 10 per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at $1.00 per box, three boxes, (thirty days' treatment,) $2.50, or sent direct upon receipt of price. Send six two-cent stamps for sample box. Booklets and proofs free. Address, Eureka Chemical and Manufacturing company, Manufacturing Chemists, La Crosse, Wisconsin.

Bellefonte Republican,

To CORRESPONDENTS.—No communication published unless accompanied by the real name of the writer.
Correspondents should write upon but one side of the paper, and avoid the use of pale or any inks.

EDWARD T. TUTEN.

Local Department.

—Thursday was Equinox but we had no storm to celebrate the event.

—Ask for Manderville & Kings superior flower seeds. For sale by Eureka Grocery, 122 W. High St.

—Altoona was visited by a very severe wind storm, with some rain, on Monday morning, which the papers of that city describe as "simply terrific."

—Among the sick of Bellefonte it is noticed that Mr. E. C. Humes is still confined to his room and, Mr. John Powers is not improving and Mr. Jacob Thomas is convalescing.

—It looks as if the borough intended burning lime at the point on Water street where Robert Miller is doing the stone quarrying. But such is not the case, we believe.

—See advertisement in this issue of a house and lot and an adjoining vacant lot on Willow Bank street, Bellefonte, for sale. There is a bargain in this for any man.

—Ex-Adjutant General Greenland died at his home in Clarion Saturday night at 10.30 o'clock, after an illness of some weeks' duration. He was buried with military honors on Wednesday.

—From looking over the bids for the building of the abutments for the new bridge on Lamb street, one would conclude that there is a great disparity in the estimation of the masons in Bellefonte.

—This is the week of Prayer in the Presbyterian church and it is being rigidly observed by the holding of meetings every evening. These meetings begin at eight o'clock every evening only to-morrow evening, when they will begin at 7.30 because of the congregational meeting at 8 o'clock.

—In the good days of yore if a person had an ax to grind he went to his own grindstone and took one of his boys to turn it. But this is a progressive age; now a-days if a man has an ax to grind he straightway sits down and considers how he can contrive to get the newspaper man to grind it for him.

—The Chief Burgess and committee of councils appointed on the centennial celebration, have not yet done anything so far as the writer knows. Down in Williamsport there is going to be a centennial in June, and they have been at work on the arrangements a couple months past. Why can't Bellefonte do business in that kind of a way.

—It was quite a surprise for everybody on getting up Sunday morning to see the ground covered with snow, and the feathery flakes yet falling fast and furious. But notwithstanding this little spurt of winter the day turned out to be quite fair after all, the afternoon being very much like a spring day.

—Mr. Newton Jones, one of Milesburg's most skilled carpenters, and also noted for his truthfulness (?) and veracity, has in his possession a bottle which contains a dozen or more live grasshoppers, which he says he caught on Monday in McCoy's meadow, whichladjoins that borough, and not more than a rod from a big snow drift.

—Governor Hastings has appointed Mr. W. V. Hughes as contractor to oversee the work of spending the $45,000 appropriation for new cells in the Huntingdon Reformatory. It will be remembered that Mr. Hughes was Mr. Hastings' contractor at Johnstown subsequent to the flood and then put up at that place fifty storehouses and about five hundred dwellings.

—Dr. D. S. Monroe, D. D., of Altoona, preached two excellent sermons in the Methodist church on Sunday, and in the morning told the members some very unpleasant truths which it was not very agreeable to hear. But Dr. Monroe is an able preacher and a plain spoken gentleman, and when he has anything to say, he says it, no difference who it hits.

—Notwithstanding the great snow fall of the winter and the thick ice on the rivers, the spring is opening up without even the usual freshet and floods that occur about this time of the year. The snow has gone away so gradually that the creeks and rivers have been swollen very little while the few days of warm sunshine, so melted the ice that it has gone out of its own accord without creating any consternation or doing any damage worth mentioning.

—Here is something from the pen of an unknown writer going the rounds of the press: "Whether you fight or work, don't make too much fuss about it. The hen cackles after she has laid her eggs. The noise and sizzle of the locomotive are not force. All force is silent. The heehaw of the mule may startle you—but is not nearly so dangerous as his hind legs. Bear in mind that it is the empty wagon that rattles most when in motion. The noise of the drum is due to the fact that there is nothing in it. Bear in mind that you can't startle the world by jumping up and crying 'boo!' Thought is the great motive power, and don't you fall into the mistake of believing otherwise."

THE ADJOURNED SESSION.

R. McCafferty & Sons Granted the Abutment Contract.

Council convened in adjourned session at 7.30 o'clock with President Miller and members Beaver, Brockerhoff, Bush, Brachbill, Williams, Hillibish, Gerberich and Keller present.

The first business of any importance was the reading of the proposal for bids for the building of the abutments of the Lamb street bridge, following which the bids, eight in number, were opened and were as follows:

John Noll—$6.00 per cubic yard for sandstone facing and $5.50 for all limestone; a total of $941.75 for the former and $863.00 for the latter.

R. McCafferty & Sons—$583.00 for sandstone facing, and $513.00 for all limestone.

James McCafferty—$4.40 per cubic yard for Curwensville sandstone and $3.82 for all limestone.

John M. Emerick and Samuel Thomas—$4.50 for sandstone and $4.00 for limestone per cubic yard.

James A. McDermott and Alexander Fraser—$5.00 for sand stone and $4.50 for limestone.

H. D. Yerger & Sons—$6.00 for sandstone and $4.50 for limestone.

Conrad Miller—$4.90 for sandstone and $3.90 for limestone.

C. C. Bell—$1489.00 for sandstone and $1195.00 for limestone, for the entire abutments.

After a general discussion of the several bids General Beaver moved that the bid of R. McCafferty & Sons be accepted and the same be referred to the Street Committee for the proper preparation of the necessary bonds to be given the faithful performance of the contract, etc. The motion carried.

Brockerhoff then moved, seconded by Bush, that in case Richard McCafferty & Sons fail to furnish the necessary bonds between now and next Monday night, then the contract be awarded to the next lowest bidder, James McCafferty, on furnishing the necessary security. The motion prevailed.

A motion was carried that the Street committee be empowered to offer the old bridge for sale and removal to the highest bidder.

The question of granting J. S. Waite the privilege of laying three iron rails under Water street to extend over Spring creek was then taken up for final disposition.

The Borough Solicitor informed council that by an act passed in 1796 Spring creek was made a public highway up to the month of Logan Branch and that council could not grant the right to anyone to in anyway obstruct the same. This literally settled the matter and on motion of Mr. Brockerhoff, Mr. Hillibish was given permission to withdrow his original motion granting Mr. Waite the privilege asked.

There being considerable complaint from the North ward regarding cows running at large, the High Constable was given a few explicit directions as to his duty and then, on motion council adjourned.

High School Rhetoricals.

Song, "Come and Join Us."
Oration, "Music," Nellie Anderson,
Essay, Morton Smith.
Recitation, Mattie Faxon.
Essay, "The early attempt of England to settle America," James Wright.

Essay, "Study," Robert Stewart.
Recitation, Myrtle Longacre.
Declamation, Ralph Mallory.
Recitation, Mary Cruse.
Essay, May Runkle.
Recitation, Blanche Underwood.
Recitation, Anna Koontz.
Recitation, Millie Wagner.

The Cows are Troublesome.

Notwithstanding the fact that there is an ordinance prohibiting the running at large of cows within the borough limits of Bellefonte, a good many owners are continually disregarding the same and the property owners in various portions of the town, and especially in the North ward, are experiencing a good deal of trouble and vexation as well as suffering some damage from the depredations of this animal, which is allowed to run at large just as if there was no law to prevent it. And, with all kindness for all parties, we would suggest that it would be wise for cow-owners to keep their bovines either in the stable or some other enclosure; because the people are becoming aroused and are petitioning the borough authorities to enforce the ordinance, and the same will be enforced—it must be—and then some one will have to pay out more money to get his cow back than it would take to feed it a month in the stable.

State College's Base Ball Team.

From among the three dozen or more candidates for the State College base ball team Captain Stuart has selected the following: Pitchers, Nesbit, Atherton, Rawn; catchers, Stuart, Hayes; first base, Atherton, Thomas; second base, Brown, Bechtel; shortstop, Rice, Curtin; third base, Walker, Clark; outfielders, Greenland, Robison, McCrum, Williams. The batteries will be as follows: Atherton and Stuart, Rawn and Hayes, Nesbit and Stuart. The above is a strictly undergraduate team, but all are players of experience who can be relied upon at all times. The team will remain at the College during the Spring vacation and devote the entire time to practice. They have games scheduled with all the important colleges in the State, with Princeton and in Virginia and Ohio. The team throughout is believed to be even stronger than last year's team which did such good word. By a resolution of the faculty the team is granted a ten days' leave of absence to go on a trip any time they choose to take it.

Personal Pencilings.

Mrs. Reynolds, of Lancaster, Pa., is the guest of her son, Col. Fred Reynolds, in this place.

Miss Daisy Green, of Milesburg, departed to-day for Williamsport, where she will remain for a few weeks.

Howard Yerger, of Curwensville, is spending a few days with his father in this place, Mr. H. D. Yerger, on North Spring street.

Mr. Archie Allison has concluded to have a girl in the house and consequently a little stranger can now be found in his household.

Miss Lucetta Brew, daughter of Mr. and Mrs. Harry Brew, of this place, returned Tuesday evening from a brief visit to Philipsburg.

R. M. Magee, Esq., general state agent for the Brooklyn Life Insurance company, and now located in Philadelphia, is transacting business in Bellefonte.

John L. Given, an old Bellefonte boy, and now one of the staff of reporters on the New York *Sun*, is at present visiting his family and friends in this place.

Mr. Merritt Adams, of Milesburg, departed to-day for Watsontown, where he goes to learn cabinet making and upholstering. We trust he will have a safe journey.

Miss Amanda Stull, who has made her home in Bellefonte for some time, accompanied the family of Thomas R. Benner to their new home in Atlantic City.

Miss Florence Longacre, of this place, and Miss Lizzie Lengle, of Milesburg, are guests of Miss Bertha Myers, at Lockport, near Lock Haven.

Mrs. James P. Coburn, of Aaronsburg; Miss Maggie Duncan, of Lewisburg and Mrs. J. Duncan, of St. Paul, Minn., and who was formerly Miss Gardner, are visiting Mrs. E. Rogers, on North Spring St.

May, the young daughter of Frank McMullen, who had a limb broken by being run over with a sled a couple months ago, has now sufficiently recovered to be out and around without the aid of crutches.

Mr. Ross Williams' wife and children, who had been visiting Mrs. Williams' parents, Mr. and Mrs. Daniel Eberhart, on East High street, departed for their home in Hughesville this morning.

Mr. and Mrs. Robert McKnight departed on Wednesday for Philadelphia where they will make their future home, and where Robert will accept a position in the customs service, having passed a very creditable civil service examination.

George T. Bush, after a two weeks' business trip to North Carolina, returned to his home in this place on Monday evening. George says the weather down there is such that men are going around in their shirt sleeves.

On Thursday evening Mr. Thomas Benner, wife and daughter, departed on the 8.30 train over the Central Railroad of Pennsylvania for Atlantic City, where they will make their future home. They will be missed by their many friends in Bellefonte and vicinity.

The Messrs. Dale, attorneys-at-law, are now cosily situated in their new offices on the second floor of the Crider building, where they will be glad to at all times welcome their many friends, as well as any and all new patrons. The Dale brothers are pushing fellows, and will yet make their mark in the world.

After a visit of a few weeks with his brother, Mr. John Powers, on Spring street, Bellefonte, Mr. James Powers departed on Monday morning for his home in Dayton, Ohio. When he left his brother, who is now very ill, bid him a final farewell, saying he never expected to see him again in this life.

Thursday morning Rev. Dr. J. H. McGarrah departed from Bellefonte for Altoona where he will make his future home with his daughter, Mrs. T. Ellis Bell. Rev. McGarrah will retire from active service for a year or so until his health, which has been failing for some time, improves; and we hope it may be speedy and lasting, and that he may be spared for many more year's service in the Master's cause.

Are They Needed?

Every town has a liar, a sponger, smart alec, some pretty girls, its weather prophet, a neighborhood feud, half a dozen lunatics, a woman who tattles, a justice of the peace, a man who knows it all, one Jacksonian Democrat, more loafers than it needs, men who see every dog fight, a boy who cuts up in church, a few meddlesome old women, a widower who is too gay for his age, a preacher who thinks he ought to run the town, a few who know how to run the affairs of the country, a grown man who laughs every time he says anything, a girl who goes to the post office every time the mail comes in, a legion of smart alecs who can tell the editor how to run his paper, scores of men with the caboose of their trousers worn smooth as glass, the man who grins when you talk and laughs out loud if he has said something.—Rural Press.

No Booth Over Spring Creek.

By a decision of Borough Solicitor Clement Dale, Esq., sanctioned by the prompt action of council on Monday evening it effectually and forever disposes of the question granting privileges to any person or persons to erect or locate a building or booth over Spring creek at any point from its mouth up to the mouth of Logan Branch. This is in accordance with a special Act of the Legislature passed in 1796 declaring and making Spring creek a public highway up to that point. And, as no person, or municipality can grant the power to anyone to obstruct the public highway; and any person so obstructing the same, is liable to indictment for a misdemeanor, it is not likely that anyone will feel like taking that risk. This effectually disposes of the request of J. S. Waite to be allowed to erect the old band stand at the corner of High and Water streets and also will please the members of the Ladies' Village Improvement Committee in knowing that the "beautiful scene" from High street bridge up Spring creek is not to be obliterated or even marred by the erection of any buildings of whatever kind or description they might have been. And thus is scored victory number one for the ladies.

Send Them in Early.

THE NEWS is exceedingly anxious to give space to any item of news that may be received shortly after the event has occurred, and will gratefully acknowledge the kindness of any who will send any item or will inform a representative of the paper of any such occurrence. But the NEWS does not desire resolutions of respect and obituary notices, several days and in some cases, as has been our experience recently, several weeks after the death of the person has been announced. It is unfair to the readers generally to crowd out later news to give space to a set of resolutions or verses of poetry several days or several weeks old. It is no more trouble for those who reside in the township districts to write events as soon as they occur than it is when they have become stale as a piece of news.

Don't Clip Your Postal Cards.

It is ruled by the postal authorities that any reduction of the size of a postal card by clipping, rounding off the corners, or otherwise, will subject the receiver of the card to a charge of one cent on delivery. This makes the cost of a postal card equivalent to letter postage. Many persons enclose postal cards to correspondents in envelopes too small, and imagine that a little clipping won't make any difference. Others round off the corners for ornamental purposes or convenience in handling.

Who Will Build It.

The county commissioners have awarded the contract for the iron superstructure of the new bridge over Spring creek on Lamb street, to the Nelson & Buchannan Bridge Co., of Chambersburg, Pa., for the price of $2,400. The bridge is to have one 120-foot span and is to be delivered on the ground on or before the 20th of May. This being the case, it is now certain that the new bridge will be up in time for the Bellefonte centennial.

Reception to Chas. Noll and Bride

The bride and groom, Mr. and Mrs. Charles T. Noll arrived in Bellefonte on Saturday and that evening were given a reception at the home of Mr. Noll's parents, Mr. and Mrs. John Noll, on North Allegheny street. About fifty persons were present and the occasion was one of unusual good cheer and merriment. During the evening very choice refreshments were served and the young people present enjoyed themselves as only young people can.

The China-Japan War

It is thought may raise the price of tea and other articles, but we are still furnishing to our customers at the old rates. We take no account of the scrap between the Japs and Chinese, we know some merchants are trying more money to squeeze by advancing the prices of spices and teas, but the old reliable

EUREKA

keeps right along at the same old gait with prices as usual, with everything in the grocery line the best and cheapest in the market Call and see us—latch string always out—at Eureka Grocery, High Street, next door to post office.

M. P. TUTEN,
Proprietor.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

What Will It Be?

There has been considerable talk of late of the work being done down at the nail works plant, and the general impression seems to be that the mills are being converted into a tin plate plant; and yet, this fact is denied by some.

A DAILY NEWS representative saw General Beaver on Friday evening, but he very firmly declined to be interviewed on the subject, stating merely that it was to be a secret experiment, which, if it was a failure, it was not desired that the public should know aught about it; and if it was a success, then it would be time enough to make a fuss over it.

All the same, it seems to be the general impression that the object is to try the experiment of making tin plate under a newly patented process; and, from what can be learned, if the same should prove a success, it will revolutionize the manufacturing of tin plate, and then the entire plant of the Bellefonte Nail company will likely be converted into a mammoth tin-plate establishment. It is to be hoped that the experiment will prove a most gratifying success.

Marriage Licenses.

Following is the list of marriage licenses granted by the register of Centre county during the past week:

James Zerby, of Spring Mills, and Mary Immel, of Bellefonte.

Orrie J. Stover, of Liberty, and Alice M. Heaton, of Boggs township.

Francis M. Dunkle and Bertha M. McClintock, of Walker twp.

Granville B. Roger, of Colyer, Potter twp., and Annie B. Confer, of Potters Mills.

James Ross and Fianno Wilson, of Spring twp.

Louis Miller, of Spring twp., and Della Spotts, of Unionville.

John E. Rupp, of Aaronsburg, and Aggie Musser, of Patton twp.

G. W. Deters and Minerva Gearhart, of Boggs twp.

John Walker and Minnie M. Lyons, of Howard.

On a Criminal Charge.

George Weld, a music teacher who at one time taught music in Bellefonte and who will probably be remembered by a number of persons here, was arrested in Nippenose valley Tuesday morning, where he was staying under the assumed name of J. C. Smith, by Sheriff Smith, of Clearfield county, and Constable J. M. Furey, of Lock Haven. He was taken to Clearfield where he was wanted on a charge of committing a criminal assault on a fourteen year old girl at Blue Ball about a year ago. The perpetration of the act resulted in making an invalid of the girl and a lunatic of her mother.

A Change Will be Made.

On Friday it was announced that the Methodist brethren were dissatisfied over the recent appointment of Rev. G. Tarring Gray to this charge, and were seeking to have him transferred. We can today authoritatively announce that the Bishop has hearkened to the appeal of the Bellefonte church and Rev. Gray has been transferred, but as yet no appointment has been made for Bellefonte. Our people are still keeping up the fight for Rev. Mosser, but Chambersburg seems to be in the lead for this gentleman, and it is yet uncertain just who will be sent here.

A New Swindling Scheme.

Here's a new and clever swindle by sharpers: Their scheme is for one of them to enter a store and make a small purchase tendering a $5 or $10 bill, in payment. He takes the change given him and departs. An hour later two men enter and confidentially tells the store-keeper they are detectives looking for a man who is passing counterfeit money. They describe the man and the store-keeper eagerly tells them he has been there within an hour. The bill was produced, pronounced a counterfeit, and is borrowed by the "detectives" who give a receipt for the money and leave in hot pursuit of the suspect. They never come back.

LETTER LIST.

The following letters remain in the Bellefonte P. O. uncalled for March 25, 1895.

E. A. Bates, Mrs. Ida M. Hoore, Elmer Crawford, Thos. C. Smith, Miss Bell Davis, H. N. Tibbens, C. M. Foster, J. C. Vaughan, Frank Hipple, L. Witsenhausen.

When called for please say advertised.

DAVID F. FORTNEY, P. M

For Sale Cheap.

Will sell for *Cash, very cheap*, house, stable and lot No. 57, Willow Bank St., and adjoining lot, No. 58. For information apply to C. L. GATES, "Republican" office, Bellefonte, Pa. m.25-tf.

—Buy your flower and garden seeds at the Eureka Grocery. We have Crossman's, Ferry, Briggs Bros, and Dunkirk Seed Co's Seeds.

—And now the legislature will soon be discussing that all-important question—the time of adjournment. And the people won't be very sorry.

—Another touch of winter, the weather of last night and to-day.

—There continues to be a great deal of sickness in Coleville and vicinity.

—The spring vacations of the various schools and colleges will soon be in order.

—We are prepared for housecleaning time with a nice line of scrub brushes, white wash brushes, buckets, brooms, etc., at lowest prices. Eureka Grocery, 122 West High, Bush Arcade.

—The condition of the venerable E. C. Humes continues just about the same, with perhaps a continual growing of weakness His friends have been notified of his serious condition.

—Just as soon as possible the back yards and cellars of the town should receive attention before the warm days come which are sure to develop the germs of disease in countless numbers.

—Mr. and Mrs. Charles Moore have moved from their residence on East Lamb street to the rooms over Achenbach's new bakery and confectionery store, on Allegheny street,

—There will be an athletic entertainment in the Y. M. C. A. gymnasium on Friday, April 5, to which an admission of 10 cents will be charged. Everybody is invited to be present.

—Negotiations are now pending with certain parties to take charge of the glass works and run them. We trust this scheme will pan out all right.

—The marriage of Henry C. Quigley, Esq., to Miss Merriman, of Bradford, N. Y., is announced to transpire on Wednesday evening, April 17th, at the home of the bride's parents.

—The carpenters are now at work completing the job of newly roofing the house occupied by William Lyons, the butcher on Lamb and Allegheny streets, which job was stopped by the fall of the big snow December 26th.

—Venus is now the evening star, and can be seen every evening in the south-western sky when there are no clouds. Venus will grow brighter and brighter until August 14th, and will cease to be the evening star on September 19th.

—We acknowledge receipt of an invitation to attend the Easter ball to be given by the Undine Fire company, in Bush Arcade, Monday evening, April 15. The grand march will take place at 9 o'clock and the music will be furnished by the Undine Orchestra.

—Achenbach's ice cream parlor looks very inviting from the street, but it is a bad place for a young man to take any but his own girl for ice cream, if he doesn't want to be detected. B. C. should make provision for that class as well as those who like to have the public know they are enjoying a dish of oysters or a good ice cream.

—Thos. J. Gilbert, a veteran of the late war, recently died at Patton, Clearfield county. Gilbert was a member of a New Jersey regiment and a few years ago whilst in the neighborhood of Bellefonte left his discharge and other papers in the care of lawyer Harshberger. He at one time was a member of Fidiout Post G, A. R. Forest county.

—Dr Hoy has not purchased the Woodring property on High street and on April first will move into the Brew property on Spring street. J. C. Harper, who now occupies the Brew property, has as yet no location. Mrs. Hoy will move from her present location on Curtin and streets, to the Hoy homestead on High street, to be vacated by the doctor.

—Now that Spring is here isn't it about time that the borough authorities start the water in the fonntain up in the diamond? That poor, lone angel up there must be feeling pretty thirsty by this time of year, as it cannot possibly go to a barroom, and only a big spring, like our officials can, it ought to be treated with more consideration. That it might be an accomodation to both man and beast.

WE HAVE A NICE LINE OF TOOTH BRUSHES

5C. TO 50C.

GREEN'S..... .....PHARMACY,

Bush House Block, - - Bellefonte, Pa
